# RESOLUTION # 2009 - 09

Whereas:

executed this 11 th Day of March, 2009 does hereby accept Public

Roads to be maintained by the County in conformance with Section

66-6-23 NMSA 1978, and

Whereas:

the enclosed official data disk and hard copy will provide a listing of each county maintained road, which shall include the road name and or number, (in alpha-numeric order), route description with the beginning and ending termini, total length of each roadway, surface type, and a total mileage of 968.104 miles for the entire submittal and a county 1997 road map all in accordance with the provisions set forth by the

Board of County Commission, Torrance County, and

Whereas:

total mileage of miles maintained within Torrance County are subject

to change, and

Whereas:

95% of roads indicated by the symbol of red ink on the road map are considered county maintained and will signify school bus routes in

some cases, and

Whereas:

all roads listed in their description herein are so approved by the

Torrance County Commission, and

Whereas:

be it resolved that a copy of the foregoing resolution and mileage list be

included in the minutes of the Board of County Commissioners of

Torrance as a permanent record.

ADOPTED AND APPROVED THIS Eleventh, day of March, 2009.

**Torrance County Commission**

March 11, 2009

New Mexico Department of Transportation Transportation Maintenance Bureau, SB-2 Attention: Tito Medina P.O. Box 1149 Santa Fe, New Mexico 87504-1149

Re: Mileage for County Designated Roadways for Maintenance

Dear Mr. Medina,

Enclosed in pursuant to the 1990 Legislature amended Section 66-6-23 NMSA 1978 (being Laws 1987, Chapter 347 Section 22 Resolution #2004-09 for all Torrance County designated roadways for maintenance with an estimated mileage for gravel roads at 898.757 miles and chip seal roads at 69 347 miles. Estimated total of 968 104 miles.

Enclosed also is a data disk and hard copy of the updated list of each county designated roadway for maintenance listed by road name and or number (in alpha-numeric order), route description with the beginning and ending termini, total length of each roadway, surface type, an estimated total mileage for the entire submittal, and a county road map, all in accordance with the provisions set forth by the Board of the County Commission.

The Road Department as of January 1, 2004 has begun their own Global Positioning System (GPS) on county maintained roadways. Their goal is to have this project completed in the near future. The Global Positioning System (GPS) records done by the Rural Addressing Department is for the 911 systems and does not always provide accurate and or up to date records on county designated maintained roadways.

The County designated roadways for maintenance are indicated in red on the enclosed (1997) county road map. This is the only road map the Road Department has at this time. Any changes that have occurred on this map are on the data disk and or hard copy enclosed.

If any further documentation is necessary to allow us to comply, please feel free to call contact person Trisha at (505) 246-4765 in the Torrance County Road Department Office.

Sincerely, Jama Fra

James Frost

County Commission-Chairman
