Pursuant to Section 7-36-21 NMSA, all livestock located in the State of New Mexico on January 1st of the tax year shall be valued for property taxation purposes as of January 1st. All livestock brought into the state and located there for more than twenty days subsequent to January 1st shall be valued for property tax purposes as of the first day of the month following the month in which they have remained in the state for more than twenty days. The owner of livestock subject to valuation for property taxation purposes shall report the livestock for valuation to the county assessor of the county in which they are located on the valuation date specified.
