### **Service Terms and Conditions**

Motorola Solutions Inc. ("Motorola") and the customer named in this Agreement ("Customer") hereby agree as follows:

### Section 1. APPLICABILITY

These Maintenance Service Terms and Conditions apply to service contracts whereby Motorola will provide to Customer either (1) maintenance, support, or other services under a Motorola Service Agreement, or (2) installation services under a Motorola Installation Agreement.

### Section 2. DEFINITIONS AND INTERPRETATION

- 2.1 "Agreement" means these Maintenance Service Terms and Conditions; the cover page for the Service Agreement or the Installation Agreement, as applicable; and any other attachments, all of which are incorporated herein by this reference. In interpreting this Agreement and resolving any ambiguities, these Maintenance Service Terms and Conditions take precedence over any cover page, and the cover page takes precedence over any attachments, unless the cover page or attachment states otherwise.
- 2.2 "Equipment" means the equipment that is specified in the attachments or is subsequently added to this Agreement.
- 2.3 "Services" means those installation, maintenance, support, training, and other services described in this Agreement.

### Section 3, ACCEPTANCE

Customer accepts these Maintenance Service Terms and Conditions and agrees to pay the prices set forth in the Agreement. This Agreement becomes binding only when accepted in writing by Motorola. The term of this Agreement begins on the "Start Date" indicated in this Agreement.

### Section 4. SCOPE OF SERVICES

- 4.1 Motorola will provide the Services described in this Agreement or in a more detailed statement of work or other document attached to this Agreement. At Customer's request, Motorola may also provide additional services at Motorola's then-applicable rates for the services.
- 4.2 If Motorola is providing Services for Equipment, Motorola parts or parts of equal quality will be used; the Equipment will be serviced at levels set forth in the manufacturer's product manuals; and routine service procedures that are prescribed by Motorola will be followed
- 4.3 If Customer purchases from Motorola additional equipment that becomes part of the same system as the initial Equipment, the additional equipment may be added to this Agreement and will be billed at the applicable rates after the warranty for that additional equipment expires.
- 4.4 All Equipment must be in good working order on the Start Date or when additional equipment is added to the Agreement. Upon reasonable request by Motorola, Customer will provide a complete serial and model number list of the Equipment. Customer must promptly notify Motorola in writing when any Equipment is lost, damaged, stolen or taken out of service. Customer's obligation to pay Service fees for this Equipment will terminate at the end of the month in which Motorola receives the written notice.
- 4.5 Customer must specifically identify any Equipment that is labeled intrinsically safe for use in hazardous environments.
- 4.6 If Equipment cannot, in Motorola's reasonable opinion, be properly or economically serviced for any reason, Motorola may modify the scope of Services related to that Equipment; remove that Equipment from the Agreement; or increase the price to Service that Equipment.
- 4.7 Customer must promptly notify Motorola of any Equipment failure. Motorola will respond to Customer's notification in a manner consistent with the level of Service purchased as indicated in this.

### Section 5. EXCLUDED SERVICES

- 5.1 Service excludes the repair or replacement of Equipment that has become defective or damaged from use in other than the normal, customary, intended, and authorized manner; use not in compliance with applicable industry standards; excessive wear and tear; or accident, liquids, power surges, neglect, acts of God or other force majeure events.
- 5.2 Unless specifically included in this Agreement, Service excludes items that are consumed in the normal operation of the Equipment, such as batteries or magnetic tapes.; upgrading or reprogramming Equipment; accessories, belt clips, battery chargers, custom or special products, modified units, or software; and repair or maintenance of any transmission line, antenna, microwave equipment, tower or tower lighting, duplexer, combiner, or multicoupler. Motorola has no obligations for any transmission medium, such as telephone lines, computer networks, the internet or the worldwide web, or for Equipment malfunction caused by the transmission medium.

### Section 6. TIME AND PLACE OF SERVICE

Service will be provided at the location specified in this Agreement. When Motorola performs service at Customer's location, Customer will provide Motorola, at no charge, a non-hazardous work environment with adequate shelter, heat, light, and power and with full and free access to the Equipment. Waivers of liability from Motorola or its subcontractors will not be imposed as a site access requirement. Customer will provide all information pertaining to the hardware and software elements of any system with which the Equipment is interfacing so that Motorola may perform its Services. Unless otherwise stated in this Agreement, the hours of Service will be 8:30 a.m. to 4:30 p.m., local time, excluding weekends and holidays. Unless otherwise stated in this Agreement, the price for the Services exclude any charges or expenses associated with helicopter or other unusual access requirements; if these charges or expenses are reasonably incurred by Motorola in rendering the Services, Customer agrees to reimburse Motorola for those charges and expenses.

### Section 7. CUSTOMER CONTACT

Customer will provide Motorola with designated points of contact (list of names and phone numbers) that will be available twenty-four (24) hours per day, seven (7) days per week, and an escalation procedure to enable Customer's personnel to maintain contact, as needed, with Motorola.

### Section 8. INVOICING AND PAYMENT

- 8.1 Customer affirms that a purchase order or notice to proceed is not required for the duration of this service contract and will appropriate funds each year through the contract end date. Unless alternative payment terms are stated in this Agreement, Motorola will invoice Customer in advance for each payment period. All other charges will be billed monthly, and Customer must pay each invoice in U.S. dollars within twenty (20) days of the invoice date
- 8.2 Customer will reimburse Motorola for all property taxes, sales and use taxes, excise taxes, and other taxes or assessments that are levied as a result of Services rendered under this Agreement (except income, profit, and franchise taxes of Motorola) by any governmental entity. The Customer will pay all invoices as received from Motorola. At the time of execution of this Agreement, the Customer will provide all necessary reference information to include on invoices for payment in accordance with this Agreement.
- 8.3 For multi-year service agreements, at the end of the first year of the Agreement and each year thereafter, a CPI percentage change calculation shall be performed using the U.S.Department of Labor, Consumer Price Index, all Items, Unadjusted Urban Areas (CPI-U). Should the annual inflation rate increase greater than 3% during the previous year, Motorola shall have the right to increase all future maintenance prices by the CPI increase amount exceeding 3%. All items, not seasonally adjusted shall be used as the measure of CPI for this price adjustment. Measurement will take place once the annual average for the new year has been posted by the Bureau of Labor Statistics. For purposes of illustration, if in year 5 the CPI reported an increase of 8%, Motorola may increase the Year 6 price by 5% (8%-3% base).

### Section 9. WARRANTY

Motorola warrants that its Services under this Agreement will be free of defects in materials and workmanship for a period of ninety (90) days from the date the performance of the Services are completed. In the event of a breach of this warranty, Customer's sole remedy is to require Motorola to re-perform the non-conforming Service or to refund, on a pro-rata basis, the fees paid for the non-conforming Service. MOTOROLA DISCLAIMS ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE.

### Section 10. DEFAULT/TERMINATION

- 10.1 If either party defaults in the performance of this Agreement, the other party will give to the non-performing party a written and detailed notice of the default. The non-performing party will have thirty (30) days thereafter to provide a written plan to cure the default that is acceptable to the other party and begin implementing the cure plan immediately after plan approval. If the non-performing party fails to provide or implement the cure plan, then the injured party, in addition to any other rights available to it under law, may immediately terminate this Agreement effective upon giving a written notice of termination to the defaulting party.
- 10.2 Any termination of this Agreement will not relieve either party of obligations previously incurred pursuant to this Agreement, including payments which may be due and owing at the time of termination. All sums owed by Customer to Motorola will become due and payable immediately upon termination of this Agreement. Upon the effective date of termination, Motorola will have no further obligation to provide Services.
- 10.3 If the Customer terminates this Agreement before the end of the Term, for any reason other than Motorola default, then the Customer will pay to Motorola an early termination fee equal to the discount applied to the last three (3) years of Service payments for the original Term.

### Section 11. LIMITATION OF LIABILITY

Except for personal injury or death, Motorola's total liability, whether for breach of contract, warranty, negligence, strict liability in tort, or otherwise, will be limited to the direct damages recoverable under law, but not to exceed the price of twelve (12) months of Service provided under this Agreement.

Contract Modifier: RCHG01

ALTHOUGH THE PARTIES ACKNOWLEDGE THE POSSIBILITY OF SUCH LOSSES OR DAMAGES, THEY AGREE THAT MOTOROLA WILL NOT BE LIABLE FOR ANY COMMERCIAL LOSS; INCONVENIENCE; LOSS OF USE, TIME, DATA, GOOD WILL, REVENUES, PROFITS OR SAVINGS; OR OTHER SPECIAL, INCIDENTAL, INDIRECT, OR CONSEQUENTIAL DAMAGES IN ANY WAY RELATED TO OR ARISING FROM THIS AGREEMENT OR THE PERFORMANCE OF SERVICES BY MOTOROLA PURSUANT TO THIS AGREEMENT. No action for contract breach or otherwise relating to the transactions contemplated by this Agreement may be brought more than one (1) year after the accrual of the cause of action, except for money due upon an open account. This limitation of liability will survive the expiration or termination of this Agreement and applies notwithstanding any contrary provision.

### Section 12. EXCLUSIVE TERMS AND CONDITIONS

- 12.1 This Agreement supersedes all prior and concurrent agreements and understandings between the parties, whether written or oral, related to the Services, and there are no agreements or representations concerning the subject matter of this Agreement except for those expressed herein. The Agreement may not be amended or modified except by a written agreement signed by authorized representatives of both parties.
- 12.2 Customer agrees to reference this Agreement on any purchase order issued in furtherance of this Agreement, however, an omission of the reference to this Agreement will not affect its applicability. In no event will either party be bound by any terms contained in a Customer purchase order, acknowledgement, or other writings unless: the purchase order, acknowledgement, or other writing specifically refers to this Agreement; clearly indicate the intention of both parties to override and modify this Agreement; and the purchase order, acknowledgement, or other writing is signed by authorized representatives of both parties.

### Section 13. PROPRIETARY INFORMATION; CONFIDENTIALITY; INTELLECTUAL PROPERTY RIGHTS

- 13.1 Any information or data in the form of specifications, drawings, reprints, technical information or otherwise furnished to Customer under this Agreement will remain Motorola's property, will be deemed proprietary, will be kept confidential, and will be promptly returned at Motorola's request. Customer may not disclose, without Motorola's written permission or as required by law, any confidential information or data to any person, or use confidential information or data for any purpose other than performing its obligations under this Agreement. The obligations set forth in this Section survive the expiration or termination of this Agreement.
- 13.2 Unless otherwise agreed in writing, no commercial or technical information disclosed in any manner or at any time by Customer to Motorola will be deemed secret or confidential. Motorola will have no obligation to provide Customer with access to its confidential and proprietary information, including cost and pricing data.
- 13.3 This Agreement does not grant directly or by implication, estoppel, or otherwise, any ownership right or license under any Motorola patent, copyright, trade secret, or other intellectual property, including any intellectual property created as a result of or related to the Equipment sold or Services performed under this Agreement.

### Section 14, FCC LICENSES AND OTHER AUTHORIZATIONS

Customer is solely responsible for obtaining licenses or other authorizations required by the Federal Communications Commission or any other federal, state, or local government agency and for complying with all rules and regulations required by governmental agencies. Neither Motorola nor any of its employees is an agent or representative of Customer in any governmental matters.

### Section 15. COVENANT NOT TO EMPLOY

During the term of this Agreement and continuing for a period of two (2) years thereafter, Customer will not hire, engage on contract, solicit the employment of, or recommend employment to any third party of any employee of Motorola or its subcontractors without the prior written authorization of Motorola. This provision applies only to those employees of Motorola or its subcontractors who are responsible for rendering services under this Agreement. If this provision is found to be overly broad under applicable law, it will be modified as necessary to conform to applicable law.

### Section 16. MATERIALS, TOOLS AND EQUIPMENT

All tools, equipment, dies, gauges, models, drawings or other materials paid for or furnished by Motorola for the purpose of this Agreement will be and remain the sole property of Motorola. Customer will safeguard all such property while it is in Customer's custody or control, be liable for any loss or damage to this property, and return it to Motorola upon request. This property will be held by Customer for Motorola's use without charge and may be removed from Customer's premises by Motorola at any time without restriction.

### Section 17. GENERAL TERMS

- 17.1 If any court renders any portion of this Agreement unenforceable, the remaining terms will continue in full force and effect.
- 17.2 This Agreement and the rights and duties of the parties will be interpreted in accordance with the laws of the State in which the Services are performed.
- 17.3 Failure to exercise any right will not operate as a waiver of that right, power, or privilege.

### SERVICE AGREEMENT

Quote Number : QUOTE-1348132 Contract Number: USC000023723

Contract Modifier: RCHG01

- 17.4 Neither party is liable for delays or lack of performance resulting from any causes that are beyond that party's reasonable control, such as strikes, material shortages, or acts of God.
- 17.5 Motorola may subcontract any of the work, but subcontracting will not relieve Motorola of its duties under this Agreement.
- 17.6 Except as provided herein, neither Party may assign this Agreement or any of its rights or obligations hereunder without the prior written consent of the other Party, which consent will not be unreasonably withheld. Any attempted assignment, delegation, or transfer without the necessary consent will be void. Notwithstanding the foregoing, Motorola may assign this Agreement to any of its affiliates or its right to receive payment without the prior consent of Customer. In addition, in the event Motorola separates one or more of its businesses (each a "Separated Business"), whether by way of a sale, establishment of a joint venture, spin-off or otherwise (each a "Separation Event"), Motorola may, without the prior written consent of the other Party and at no additional cost to Motorola, assign this Agreement such that it will continue to benefit the Separated Business and its affiliates (and Motorola and its affiliates, to the extent applicable) following the Separation Event.
- 17.7 THIS AGREEMENT WILL RENEW, FOR AN ADDITIONAL ONE (1) YEAR TERM, ON EVERY ANNIVERSARY OF THE START DATE UNLESS EITHER THE COVER PAGE SPECIFICALLY STATES A TERMINATION DATE OR ONE PARTY NOTIFIES THE OTHER IN WRITING OF ITS INTENTION TO DISCONTINUE THE AGREEMENT NOT LESS THAN THIRTY (30) DAYS OF THAT ANNIVERSARY DATE. At the anniversary date, Motorola may adjust the price of the Services to reflect its current rates.
- 17.8 If Motorola provides Services after the termination or expiration of this Agreement, the terms and conditions in effect at the time of the termination or expiration will apply to those Services and Customer agrees to pay for those services on a time and materials basis at Motorola's then effective hourly rates.
- 17.9 This Agreement may be executed in one or more counterparts, all of which shall be considered part of the Agreement. The parties may execute this Agreement in writing, or by electronic signature, and any such electronic signature shall have the same legal effect as a handwritten signature for the purposes of validity, enforceability and admissibility. In addition, an electronic signature, a true and correct facsimile copy or computer image of this Agreement shall be treated as and shall have the same effect as an original signed copy of this document.

### **Terms and Conditions**

(Unless otherwise specified)

- 1. **General:** When the State Purchasing Agent or his/her designee issues a purchase document in response to the Vendor's bid, a binding contract is created.
- 2. Variation in Quantity: No variation in the quantity of any item called for by this order will be accepted unless such variation has been caused by conditions of loading, shipping, packing or allowances in manufacturing process and then only to the extent, if any, specified in this order.

### 3. Assignment:

- a. Neither the order, nor any interest therein, nor any claim thereunder, shall be assigned or transferred by the Vendor, except as set forth in Subparagraph 3b or as expressly authorized in writing by the State Purchasing Agent or his/her designee. No such assignment or transfer shall relieve the Vendor from the obligations and liabilities under this order.
- b. Vendor agrees that any and all claims for overcharge resulting from antitrust violations which are borne by the State as to goods, services, and materials purchased in connection with this bid are hereby assigned to the State
- 4. State Furnished Property: State furnished property shall be returned to the State upon request in the same condition as received except for ordinary wear, tear and modifications ordered hereunder.
- 5. Discounts: Prompt payment discounts will not be considered in computing the low bid.
- 6. **Inspection:** Final inspection and acceptance will be made at the destination. Supplies rejected at the destination for nonconformance with specifications shall be removed at the Vendor's risk and expense, promptly after notice of rejection.
- 7. **Inspection of Plant:** The State Purchasing Agent or his/her designee may inspect, at any reasonable time, the part of the Contractor's, or any subcontractor's plant or place of business, which is related to the performance of this contract.
- 8. Commercial Warranty: The Vendor agrees that the supplies or services furnished under this order shall be covered by the most favorable commercial warranties the Vendor gives for such to any customer for such supplies or services. The rights and remedies provided herein shall extend to the State and are in addition to and do not limit any rights afforded to the State by any other clause of this order. Vendor agrees not to disclaim warranties of fitness for a particular purpose of merchantability.
- 9. Taxes: The unit price shall exclude all state taxes.

### 10. Packing, Shipping and Invoicing:

- a. The State's purchasing document number and the Vendor's name, user's name and location shall be shown on each packing and delivery ticket, package, bill of lading and other correspondence in connection with the shipments. The user's count will be accepted by the Vendor as final and conclusive on all shipments not accompanied by a packing ticket.
- b. The Vendor's invoice shall be submitted duly certified and shall contain the following information: order number, description of supplies or services, quantities, unit price and extended totals. Separate invoices shall be rendered for each and every complete shipment.
- c. Invoices must be submitted to the using agency and NOT the State Purchasing Agent.
- 11. **Default:** The State reserves the right to cancel all or any part of this order without cost to the State, if the Vendor fails to meet the provisions of this order and, except as otherwise provided herein, to hold the Vendor liable for any excess cost occasioned by the State due to the Vendor's default. The Vendor shall not be liable for any excess costs if failure to perform the order arises out of causes beyond the control and without the fault or negligence of the Vendor, such causes include but are not restricted to, acts of God or the public enemy, acts of the State or Federal Government, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, unusually severe weather and defaults of subcontractors due to any of the above, unless the State shall determine that the supplies or services to be furnished by

### State of New Mexico General Services Department Purchasing Division Statewide Price Agreement #: 10-00000-20-00048

Page-3

the subcontractor were obtainable from other sources in sufficient time to permit the Vendor to meet the required delivery scheduled. The rights of the State provided in this paragraph shall not be exclusive and are in addition to any other rights now being provided by law or under this order.

- 12. **Non-Collusion:** In signing this bid the Vendor certifies he/she has not, either directly or indirectly, entered into action in restraint of free competitive bidding in connection with this offer submitted to the State Purchasing Agent or his/her designee.
- 13. **Nondiscrimination:** Vendor doing business with the State of New Mexico must be in compliance with the Federal Civil Rights Act of 1964 and Title VII of the Act (Rev. 1979) and the Americans with Disabilities Act of 1990 (Public Law 101-336).
- 14. **The Procurement Code:** Sections 13-1-28 through 13-1-199 NMSA 1978, imposes civil and criminal penalties for its violation. In addition the New Mexico criminal statutes impose felony penalties for bribes, gratuities and kickbacks.
- 15. Items: All bid items are to be NEW and of most current production, unless otherwise specified.
- 16. **Payment for Purchases:** Except as otherwise agreed to: late payment charges may be assessed against the user state agency in the amount and under the conditions set forth in Section 13-1-158 NMSA 1978.
- 17. Workers' Compensation: The Contractor agrees to comply with state laws and rules pertaining to Workers' Compensation benefits for its employees. If the Contractor fails to comply with Workers' Compensation Act and applicable rules when required to do so, this Agreement may be terminated by the contracting agency.
- 18. **Submission of Bid:** Bids must be submitted in a sealed envelope with the bid number and opening date clearly indicated on the bottom left hand side of the front of the envelope. Failure to label bid envelope will necessitate the premature opening of the bid in order to identify the bid number.
- 19. Contractor Personnel: Personnel proposed in the Contractor's written bid to the Procuring Agency are considered material to any work performed under this Price Agreement. Once a Purchase Order or contract has been executed, no changes of personnel will be made by the Contractor without prior written consent of the Procuring Agency. Replacement of any Contractor personnel, if approved, shall be with personnel of equal ability, experience, and qualifications. The Contractor will be responsible for any expenses incurred in familiarizing the replacement personnel to insure their being productive to the project immediately upon receiving assignments. Approval of replacement personnel shall not be unreasonably withheld. The Procuring Agency shall retain the right to request the removal of any of the Contractor's personnel at any time.
- 20. **Subcontracting:** The Contractor shall not subcontract any portion of the Price Agreement without the prior written approval of the Procuring Agency. No such subcontracting shall relieve the Contractor from its obligations and liabilities under this Price Agreement, nor shall any subcontracting obligate payment from the Agency.
- 21. Records and Audit: The Contractor shall maintain detailed time and expenditure records that indicate the date, time, nature, and cost of services rendered during this Price Agreement's term and effect, and retain them for a period of three (3) years from the date of final payment under this Price Agreement. The records shall be subject to inspection by the Agency, State Purchasing Division, Department of Finance and Administration, and for Information Technology contracts, State Chief Information Officer. The Agency shall have the right to audit billings, both before and after payment. Payment for services under this Price Agreement shall not foreclose the right of the Agency to recover excessive or illegal payments.
- 22. **Subcontracts:** The foregoing requirements for Contractor Personnel, Subcontracting, and Audit shall be inserted into all subcontracts from the prime contractor to the subcontractor.

### New Mexico Employees Health Coverage

A. If Contractor has, or grows to, six (6) or more employees who work, or who are expected to work, an average of at least 20 hours per week over a six (6) month period during the term of the contract, Contractor certifies, by signing

Statewide Price Agreement #: 10-00000-20-00048

Page-4

this agreement, to have in place, and agrees to maintain for the term of the contract, health insurance for its New Mexico Employees and offer that health insurance to its New Mexico Employees if the expected annual value in the aggregate of any and all contracts between Contractor and the State exceeds \$250,000 dollars.

- B. Contractor agrees to maintain a record of the number of its New Mexico Employees who have (a) accepted health insurance; (b) declined health insurance due to other health insurance coverage already in place; or (c) declined health insurance for other reasons. These records are subject to review and audit by a representative of the state.
- C. Contractor agrees to advise all of its New Mexico Employees of the availability of State publicly financed health care coverage programs by providing each of its New Mexico Employees with, as a minimum, the following web site link to additional information: https://bewellnm.com.
  - D. For purposes of this Paragraph, the following terms have the following meanings:
    - (1) "New Mexico Employee" means any resident of the State of New Mexico employed by Contractor who performs the majority of the employee's work for Contractor within the State of New Mexico, regardless of the location of Contractor's office or offices; and
    - (2) "offer" means to make available, without unreasonable restriction, enrollment in one or more health coverage plans and to actively seek and encourage participation in order to achieve the goals of Executive Order 2007-049. This could include State publicly financed public health coverage programs such as Insure New Mexico!

#### Statewide Price Agreement

#### Article I – Statement of Work

Under the terms and conditions of this Price Agreement all State of New Mexico agencies, commissions, institutions, political subdivisions and local public bodies allowed by law may issue orders for items and/or services described herein. The terms and conditions of this Price Agreement shall form a part of each order issued hereunder.

The items and/or services to be ordered shall be as listed under Article IX - Price Schedule. All orders issued hereunder will bear both an order number and this Price Agreement number. It is understood that no guarantee or warranty is made or implied by the New Mexico State Purchasing Agent, his/her designee or the user that any order for any definite quantity will be issued under this Price Agreement. The Contractor is required to accept the order and furnish the items and/or services in accordance with the articles contained hereunder for the quantity of each order.

#### Article II - Term

The term of this Price Agreement, for issuance of orders, shall be as indicated in the specifications.

#### Article III – Specifications

Items and/or services furnished hereunder shall conform to the requirements of specifications and/or drawings applicable to items listed under Article IX-Price Schedule. Orders issued against this schedule will show the applicable Price Agreement item(s), number(s), and price(s); however they may not describe the item(s) fully.

Article IV – Shipping and Billing Instructions

Contractor shall ship in accordance with the following instructions: Shipment shall be made only against specific orders which the user may place with the Contractor during the term; The Contractor shall enclose a packing list with each shipment listing the order number, price agreement number and the commercial parts number (if any) for each item; Delivery shall be made as indicated on page 1. If vendor is unable to meet stated delivery the State Purchasing Agent or his/her designee must be notified.

#### Article V - Termination

The Agency may terminate this Agreement for convenience or cause. The Contractor may only terminate this Agreement based upon the Agency's uncured, material breach of this Agreement. Contractor shall give Agency written notice of termination at least thirty (30) days prior to the intended date of termination, which notice shall (i) identify all the Agency's material breaches of this Agreement upon which the termination is based and (ii) state what the Agency must do to cure such material breaches. Contractor's notice of termination shall only be effective (i) if the Agency does not cure all material breaches within the thirty (30) day notice period or (ii) in the case of material breaches that cannot be cured within thirty (30)

Statewide Price Agreement #: 10-00000-20-00048

days, the Agency does not, within the thirty (30) day notice period, notify the Contractor of its intent to cure and begin with due diligence to cure the material breach. Termination of this Contract, however, shall not affect any outstanding orders. This provision is not exclusive and shall not waive other rights and remedies afforded either party in the event of breach of contract or default. In such instances the contract may be cancelled effective immediately.

#### Article VI – Amendment

This Price Agreement may be amended by mutual agreement of the New Mexico State Purchasing Agent or his/her designee and the Contractor upon written notice by either party to the other. An amendment to this Price Agreement shall not affect any outstanding orders issued prior to the effective date of the amendment as mutually agreed upon, and as published by the New Mexico State Purchasing Agent or his/her designee. Amendments affecting price adjustments and/or the extension of a price agreement expiration date are not allowed unless specifically provided in the bid and price agreement specifications.

Article VII - Indemnity Clause

Contractor shall indemnify and hold harmless the State, its officers and employees, against liability, claims, damages, losses or expenses arising out of bodily injury to persons or damage to properties caused by, or resulting from Contractor's, and/or its employees, own negligent act or omission while Contractor, and/or its employees, perform or fails to perform its obligations and duties under the Terms and Conditions of this agreement. This save harmless and indemnification clause is subject to the immunities, provisions, and limitations of the Tort Claims Act (Section 41-4-1, et seq., N.M.S.A. 1978 comp. and Section 57-7-1 N.M.S.A. 1878 comp. and any amendments thereto.

It is specifically agreed between the parties executing this agreement that it is not intended by any of the provisions of any part of the agreement to create in the public or any member thereof a third party beneficiary or to authorize anyone not a party to the agreement to maintain a suit(s) for wrongful death(s), bodily and/or personal injury(s) to person(s), damage(s) to property(ies) and/or any other claim(s) whatsoever pursuant to the provisions of this agreement. Vendor shall provide all insurance necessary to employees on the work site, including but not limited to Worker's Compensation.

#### Specifications:

#### **Supplemental Terms and Conditions**

#### General

This is a Statewide Price Agreement; therefore, there is no guarantee of the minimum quantities of items or services to be purchased.

Offerors submitting bids must be authorized employees of the company they represent who can fulfill all terms and conditions of the resulting Statewide Price Agreement.

#### Multiple Awards

Pursuant to the Procurement Code, Sections 13-1-153 and 13-1-154 the State reserves the right to issue multiple awards to obtain the items listed. Multiple awards are recommended to insure availability and timely delivery.

Awards will be made to meet the best interests of the State of New Mexico.

#### Term

The term of this agreement shall be for a two (2) year term from date of award with the option to extend every two (2) years up to a maximum of ten (10) years; by mutual agreement of all parties and approval of the New Mexico State Purchasing Agent at the same price, terms and conditions. This agreement shall not exceed ten (10) years.

Pricing in the agreement is based on a fixed percentage off the published list price. These percentages are fixed during the first two years of the agreement. Amended percentages off the published list price may be negotiated after the second year at the discretion of State Purchasing.

#### **Agreement Performance Monitoring**

Monitoring the performance of the awarded contractor is a key function to ensure that the contractor is performing all duties in accordance with the awarded Price Agreement. All performance or monitoring will be documented and shared with any local public body or State agency utilizing the Price Agreement. They will be made aware of and addressed any developing problems or concerns. Pursuant to the Procurement Code, Sections 13-1-161 and 13-1-182 the State reserves the right to evaluate and monitor the performance of this Price Agreement.

#### **Reporting Requirements**

At the request of State Purchasing, Contractor agrees to submit reports or other documentation in accordance with the Terms and Conditions of the ITB and Statewide Price Agreement. If the Contractor fails to submit reports to NM State Purchasing Division in a timely and satisfactory manner, any such reports, documentation, or otherwise fails to satisfactorily render performance hereunder, such failure may be considered cause for termination of this Statewide Price Agreement.

#### **Equipment Warranty**

All items proposed by the bidder should be warranted for defects in materials and workmanship for a minimum of one (1) calendar year, or the manufacture's standard U.S. warranty period, from the date of delivery to the purchaser. If the bidder is the manufacturer of any item proposed or sells that item under its own brand label, the warranty offered to the State of New Mexico under this procurement should be as

Statewide Price Agreement #: 10-00000-20-00048

Page-9

favorable as any warranties provided to other governmental or retail customers. The bidder should provide the authorized purchaser with any manufacturer warranty information or registration materials for items proposed or supplied as a result of this procurement.

In the event defects become evident within the manufactures warranty period, the vendor shall furnish replacement parts and materials at no additional cost to the State.

#### **Extended Warranty**

If the radio equipment is subject to an extended warranty option, it should be so noted and the price(s) of the extension(s) should be included in the Equipment and Services Schedule (ESS) Template for schedule is included in bid pricing response form.

#### **Out of Warranty Repair Service and Parts**

The bidder may agree to service and repair all equipment sold to authorized purchasers under the scope of this procurement for the term of the awarded Price Agreement.

Send-in maintenance coverage must be offered for all items sold if the vendor bids such a service. Such servicing and repairs may be performed on either a time and materials basis or maintenance agreement basis at the option of the purchaser for purchased equipment and should be provided throughout the life of the Price Agreement.

The bidder may include on their ESS a guaranteed maximum hourly rate for time and a price for parts for repair of their equipment that is beyond the standard warranty. All repair parts are to be available to the Agency if they choose to do their own repairs at the above repair parts prices.

The bidder should also agree to perform upgrades, updates, and/or modifications approved by the equipment's manufacturer on send-in time and material basis, fixed fee basis or make the materials required for the modification/upgrade available to the Agency for self-installation.

#### Warranty on Repairs

The bidder should guarantee all repairs, upgrades or modifications for at least 90 days from the date of repair and should perform all repairs using materials and techniques in accordance with manufacture's specifications. The bidder may decline to perform any repair, upgrade or modification not recommended or approved by the equipment's manufacturer; however, if the bidder agrees to perform such repairs, upgrades or modifications, the repair should be guaranteed for a period of at least 90 days from the date of repair.

#### **Technical Support**

All contractors should make available prompt factory level technical support of all items they offer to the Agency. This support may be by means of a telephone call and/or email to the factory or a factory representative at a "district level."

This requirement may also be met by a visit from an onsite technical representative from the manufacturer. The technical support should be available during regular business working hours Monday through Friday.

#### **Engineering Support**

All contractors may provide pricing for engineering services including but not limited to system design, traffic routing, path analysis, microwave path budgeting, frequency planning, structural analysis, feasibility studies, terrain analysis, site development, system documentation and system trouble shooting.

Page-10

#### **Discontinued Items**

During the term of this Price Agreement, should the manufacturer discontinue any of the items on the ESS, the vendor shall attempt to furnish a replacement item that is equal to or better than the discontinued item. The final price of the replacement item shall be similar to the discontinued item. The using entity reserves the right to accept the replacement item. After evaluating the replacement item, the Agency reserves the right to cancel the portion of the Price Agreement and re-bid if it is deemed in the best interest of the State of New Mexico.

**Training Costs** 

The bidder may include on the ESS a list of all training classes, seminars, etc. that are available for the equipment offered to the Agency in the bid. The bidder should list the price of each class, the location where each is held, whether or not they are offered online, the duration of each and the maximum number of students per class. The bidder should also indicate which, if any, might be conducted at a location in New Mexico and approximate cost for a given number of students. Video presentations in DVD and internet based streaming format are recognized as viable training programs and should be included in the offerors catalog or bid if available. The video training programs must be of the same technical level as the live classroom instruction provide by the bidder.

Shipping

This is a Statewide Price Agreement; therefore it can be used by all government entities in New Mexico, allowed by law. Each using entity will have its own delivery location(s). The Contractor must verify the delivery location at the time of order.

Equipment order by Department of Information Technology will be shipped to the address below.

Public Safety Communications State Police Complex 4491 Cerrillos Road Santa Fe, NM 87505

#### **Scope of Procurement:**

The State of New Mexico General Services Department/State Purchasing Division, ("SPD"), is seeking fully certified resellers or manufacturers that will provide Communications, Radio Equipment, Parts, Accessories and Related Services to support the State's current and future communications infrastructure.

The results of this bid will establish multiple Statewide Price Agreements.

The pricing for all Communications, Radio Equipment, Parts, Accessories and Related Services must not include New Mexico Gross Receipts Tax (NMGRT). However, the services are subject to the NMGRT and are applicable to the current rate for the period, which the services are performed.

Price shall not include State Gross Receipts or Local Option Tax. Taxes shall be added to the purchase order and invoice at current rates as a separate item to be paid by user Agency

It is preferable that the offeror maintain and guarantee accessibility to their catalog URL or direct link, for the duration of the awarded Price Agreement. It is desirable, although not required, for the awarded contractor to provide historic pricing information upon request. The awarded Contractor shall provide all quotes and invoices listing both the list price of catalog items as well as the discounted price for each item. The ability to add new Communications, Radio Equipment, Parts, Accessories and Related Services to the awarded

Page-11

Contractor's URL or direct link is to the benefit of the procuring agencies, authorized purchasing entities and the Contractor. The purpose is for the State to continue to keep up with advancing technology. All Communications, Radio Equipment, Parts, Accessories and Related Services must be commercially available at the time the award is made and when additional Communications, Radio Equipment, Parts, Accessories and Related Services are added to the catalog.

Any additions must fall within the original scope and intent of this ITB.

#### **Specifications:**

#### A. Radio Communication Equipment

Including Receivers/Pagers; Land Mobile Radios and Accessories (to include VHF, UHF, 700 and 800 MHZ analog, digital P25 phase I and Phase II capable radios in accordance with current industry standards; Base Stations, Repeaters and Accessories (to include VHF, UHF, 700 and 800 MHZ analog, digital P25 capable stations and repeaters); Communication Control Console Systems; Portable Radios and Accessories (to include VHF, UHF, 700 and 800 MHZ analog, digital P25 phase I and Phase II capable radios); Radio Trunking Control Systems, ancillary equipment and software; Radio Communications Towers and associated equipment; Mobile Data Systems (MDS); Wireless Mobility Systems including Broadband, WiFi and LTE (to include commercial and Band 14 FirstNet compatible devices); Networking including System-wide and local Interoperability Solutions; Biometric Applications.

#### B. <u>Emergency Response Command and Control Equipment and Services</u>

This Invitation to Bid (ITB) will establish a Statewide Price Agreement for state-of-the-art Emergency Response Command & Control Equipment and Systems that can be purchased by New Mexico's state agency or local public bodies. Actual operators of the equipment will be "first-on-the- scene" emergency incident response commanders who will need to control communications between various agencies, who will have diverse data access needs and networking interfaces, who may have the need to gather and transmit data from the scene.

#### C. <u>Mobile Command Interoperable Communication Equipment and Services</u>

This ITB will establish a Statewide Price Agreement for systems and equipment for voice, data and video communication interoperable for mobile command systems. Access to wide area network may be via optional satellite, optional wireless (WiFi) optional video network interfacing, optional networking (including public or private LTE systems) and gateway interfaces. The capabilities provided by these systems will establish interoperability between the incident scene, the Integrated Emergency Operations Center (IEOC) and other Incident command Systems (ICS) as applicable.

#### D. <u>Implementation Services</u>

This category was added to describe the types of services the Bidder may choose to offer in order to integrate and implement the various products offered in Categories A, B and C above, into complete systems or subsystems. These services shall in no way diminish or render void any installation, warranties, training or other related services that are a part of the products and services offered by the Bidder in the other categories. These services may include support to system design, installation integration, system or component optimization, testing, training, obtaining certifications...etc. Bidders may bid integration or implementation services for products from any or all of the Categories. It is preferable that bidders bid integration services for all products for which the bidder is submitting a bid.

Page-12

New Mexico Administrative Reporting and Fees: All contracts and Purchase Orders arising out of this agreement shall be deemed to include an Administrative Fee assessment at the rate of one percent (1.00 %) for the gross total sales and other revenues (including commissions and fees charged). This assessment shall apply to all New Mexico state agencies and local public bodies. "Gross total sales" means any invoiced amount less any applicable state and local taxes.

For reporting purposes: list payments received for the issued invoice during the applicable quarter by state agency, local public body and invoice number. The Quarters are as follows.

Quarter:	Period End:	Report Due:	
First	September 30	October 31	
Second	December 31	January 31	
Third	March 31	April 30	
Fourth	June 30	July 31	

Even if Contractor experiences zero sales during the quarter, a report is still required. This will also apply if the contract starts partial within a Quarter. Reports and Administrative Fee shall be due no later than thirty (30) days following the end of the quarter. Only submit one payment and one report for each quarter, do not combine payments or reports.

Payment shall be made by check payable to the "State Purchasing Division". This Price Agreement number 10-00000-20-00048 must be included on all payments and Quarterly Sales Reports.

# ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

# A. ELECTRONIC RECORD AND SIGNATURE DISCLOSURE (ERSD)

From time to time, New Mexico General Services Department (GSD), on behalf of the State of New Mexico (SONM), may be required by law to provide you with certain written notices or disclosures. Stated below are the terms and conditions for GSD's providing you such notices and disclosures electronically through the DocuSign system. Please read this information carefully. If you are able to access this information electronically and agree to this Electronic Record and Signature Disclosure (ERSD), please confirm your agreement by selecting the check-box next to "I agree to use electronic records and signatures" before clicking "CONTINUE" within the DocuSign system.

# B. Obtaining paper copies

At any time up to twenty (20) calendar days following your use of DocuSign to electronically sign a document, you may request a paper copy of any record provided or made available electronically to you by GSD. You will have the ability to download and print documents SONM sends you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a twenty (20) calendar day period after such documents are first sent to you. Following the twenty (20) day period, if you want GSD to send you paper copies of any such documents from GSD's office, you will be charged a \$1.00 per-page fee plus postage. You may request delivery of such paper copies from GSD by following the procedure stated in Section H, below.

# C. Withdrawing your consent

If you decide to receive notices and disclosures from GSD electronically, you may at any time change your mind and inform GSD you want to receive required notices and disclosures only in paper format. The procedure concerning how you may inform GSD of your decision to receive future notices and disclosures in paper format as well as withdraw your consent to receive notices and disclosures electronically is stated in Section D, immediately below.

# D. Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed with which GSD will be able to complete certain steps in specific transactions and deliver paper copies to you. GSD will need: (1) to send the required notices or disclosures to you in paper format; and (2) wait until GSD receives your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from SONM or to electronically sign documents generated and sent to you from SONM.

# E. All notices and disclosures will be sent to you electronically

Unless you inform GSD otherwise according to these procedures, GSD will electronically provide you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements and other documents that are required to be provided or made available to you during the course of your electronic signature relationship with SONM. To reduce the possibility of inadvertent non-receipt, GSD prefers to provide all required notices and disclosures by the same method and to the same email or physical address that you furnish to GSD. Thus, you may receive the disclosures and notices electronically or in paper form. If you do not agree with this procedure, please inform GSD according to the procedures stated in Section I, below. Please also refer to Section D, immediately above, which states the consequences resulting from your declination of electronic delivery of notices and disclosures.

# F. How to contact GSD:

You may inform General Services Department (GSD) of any changes you select regarding State Purchasing Division's (SPD) electronic communications with you, to request paper copies of certain information from SPD, and to withdraw your prior consent to receive notices and disclosures electronically by emailing your request(s) to SPD at: <u>GSD.SPDinfo@state.nm.us</u>

# G. To advise SPD of your new email address

To inform SPD of a change in the email address to which SPD sends you notices and disclosures electronically, you must send an email to SPD at <u>GSD.SPDinfo@state.nm.us</u> and in the body of such request you must include your previous and new email addresses.

# H. To request paper copies from SPD

To request delivery of paper copies of electronic notices and disclosures that DocuSign and/or SPD have previously provided to you, you must send an email to SPD at <u>GSD.SPDinfo@state.nm.us</u> and in the body of your email request state your email address, full name, mailing address, and telephone number. SPD will charge you a \$1.00 per page copy fee plus postage.

# I. To withdraw your consent with SPD

To inform SPD that you no longer wish to receive notices and disclosures in electronic format you may:

(2) Send SPD an email to <u>GSD.SPDinfo@state.nm.us</u> and in the body of your request state your email address, full name, mailing address, and telephone number.

# J. Required hardware and software

The minimum system requirements for using the DocuSign system may change over time. The current DocuSign system requirements may be found at: <a href="https://support.docusign.com/guides/signer-guide-signing-system-requirements">https://support.docusign.com/guides/signer-guide-signing-system-requirements</a>

# K. Acknowledging your access and consent to receive and sign documents electronically

To confirm that you are able to electronically access the information contained in this Electronic Record and Signature Disclosure (ERSD), please confirm that you have: (1) read this ERSD, and either: (2) you are able to print on paper or electronically save this ERSD for your future reference and access; or (3) you are able to email this ERSD to an email address where you will be able to print this ERSD on paper and/or save this ERSD for your future reference and access. Further, if you consent to receiving notices and disclosures from DocuSign and/or SPD exclusively in electronic format, then select the check-box next to "I agree to use electronic records and signatures," before you click "CONTINUE" within the DocuSign system.

By selecting the check-box next to "I agree to use electronic records and signatures," you confirm that:

- You have read this Electronic Record and Signature Disclosure (ERSD); and
- You can print this ERSD on paper, or you can save and/ or send this ERSD to a location where you can print this ERSD, for your future reference and access; and
- Until or unless you notify SPD as stated in this ERSD, you consent to exclusively receive through electronic means all notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you by SPD during the course of your electronic signature relationship with SPD.

Address:

4909 Summersville Dr. NW

City, State, Zip:

Albuquerque, NM 87120

THE FINAL INVOICE MUST BE RECEIVED BY THE TORRANCE COUNTY MANAGER'S OFFICE NO LATER THAN JUNE 15 OF THE CURRENT FISCAL YEAR. INVOICES RECEIVED AFTER SUCH DATE WILL NOT BE PAID.

#### 3. Term.

This professional services agreement is effective and binding upon the last executed signature through June 30, 2022. Torrance County reserves the right to automatically renew this contract on July 1<sup>st</sup> of the new fiscal year, for up to three (3) additional one (1) year terms as provided by this Contract or law and with the concurrence of contractor. In accordance with Section 13-1-150 NMSA 1978, no term for a professional services contract, including extensions and renewals, shall exceed four (4) years, except as set forth in Section 131-150 NMSA 1978. This procurement shall result in a single source award.

#### 4. Termination.

Termination. This Agreement may be terminated by either of the parties hereto upon written notice delivered to the other party at least thirty (30) days prior to the intended date of termination. Except as otherwise allowed or provided under this Agreement, the County's sole liability upon such termination shall be to pay for acceptable work performed prior to the Contractor's receipt of the notice of termination. if the County is the terminating party, or the Contractor's sending of the notice of termination, if the Contractor is the terminating party; provided, however, that a notice of termination shall not nullify or otherwise affect either party's liability for pretermination defaults under or breaches of this Agreement. The Contractor shall submit an invoice for such work within thirty (30) days of receiving or sending the notice of termination. Notwithstanding the foregoing, this Agreement may be terminated immediately upon written notice to the Contractor if the Contractor becomes unable to perform the services contracted for, as determined by the County or if, during the term of this Agreement, the Contractor or any of its officers, employees or agents is indicted for fraud, embezzlement or other crime due to misuse of government funds or due to the Appropriations paragraph herein. THIS PROVISION IS NOT EXCLUSIVE AND DOES NOT WAIVE THE COUNTY'S OTHER LEGAL RIGHTS AND REMEDIES

B. Termination Management. Immediately upon receipt by either the County or the Contractor of notice of termination of this Agreement, the Contractor shall: 1) not incur any further obligations for salaries, services or any other expenditure of funds under this Agreement without written approval of the County; 2) comply with all directives issued by the County in the notice of termination as to the performance of work under this Agreement; and 3) take such action as the County shall direct for the protection, preservation, retention or transfer of all property titled to the County and records generated under this Agreement. Any non-expendable personal property or equipment provided to or purchased by the Contractor with contract funds shall become property of the County upon termination and shall be submitted to the County as soon as practicable.

#### 5. Appropriations.

The terms of this Agreement are contingent upon sufficient appropriations and authorization being made by the Board of County Commissioners for the performance of this Agreement. If sufficient appropriations and authorization are not made by the Board of County Commissioners, this Agreement shall terminate immediately upon written notice being given by the County to the Contractor. The County's decision as to whether sufficient appropriations are available shall be accepted by the Contractor and shall be final. If the County proposes an amendment to the Agreement to unilaterally reduce funding, the Contractor shall have the option to terminate the Agreement or to agree to the reduced funding, within thirty (30) days of receipt of the proposed amendment.

## 6. Status of Contractor.

The Contractor and its agents and employees are independent contractors performing professional services for the County and are not employees of the County of Torrance. The Contractor and its agents and employees shall not accrue leave, retirement, insurance, bonding, use of county vehicles, or any other benefits afforded to employees of the County of Torrance as a result of this Agreement. The Contractor acknowledges that all sums received hereunder are reportable by the Contractor for tax purposes, including without limitation, self-employment and business income tax. The Contractor agrees not to purport to bind the County of Torrance unless the Contractor has express written authority to do so, and then only within the strict limits of that authority.

#### 7. Assignment.

The Contractor shall not assign or transfer any interest in this Agreement or assign any claims for money due or to become due under this Agreement without the prior written approval of the County.

### 8. Subcontracting.

The Contractor shall not subcontract any portion of the services to be performed under this Agreement without the prior written approval of the County. No such subcontract shall relieve the primary Contractor from its obligations and liabilities under this Agreement, nor shall any subcontract obligate direct payment from the County. In all cases, the contractor is solely responsible for fulfillment of this Agreement.

#### 9. Release.

Final payment of the amounts due under this Agreement shall operate as a release of the procuring agency of the County, its officers and employees, and the County of Torrance from all liabilities, claims and obligations whatsoever arising from or under this Agreement.

## 10. Confidentiality.

Any confidential information provided to or developed by the Contractor in the performance of this Agreement shall be kept confidential and shall not be made available to any individual or organization by the Contractor without the prior written approval of the County.

## 11. Product of Service -- Copyright.

All materials developed or acquired by the Contractor under this Agreement shall become the property of the County of Torrance and shall be delivered to the County no later than the termination date of this Agreement. Nothing developed or produced, in whole or in part, by the Contractor under this Agreement shall be the subject of an application for copyright or other claim of ownership by or on behalf of the Contractor.

## 12. Conflict of Interest; Governmental Conduct Act.

- A. The Contractor represents and warrants that it presently has no interest and, during the term of this Agreement, shall not acquire any interest, direct or indirect, which would conflict in any manner or degree with the performance or services required under the Agreement.
- B. The Contractor further represents and warrants that it has complied with, and, during the term of this Agreement, will continue to comply with, and that this Agreement complies with all applicable provisions of the Governmental Conduct Act, Chapter 10, Article 16 NMSA 1978. Without in anyway limiting the generality of the foregoing, the Contractor specifically represents and warrants that:
- 1) in accordance with Section 10-16-4.3 NMSA 1978, the Contractor does not employ, has not employed, and will not employ during the term of this Agreement any County employee while such employee was or is employed by the County and participating directly or indirectly in the County's contracting process;
- 2) this Agreement complies with Section 10-16-7(B) NMSA 1978 because (i) the Contractor is not a public officer or employee of the County; (ii) the Contractor

is not a member of the family of a public officer or employee of the County; (iii) the Contractor is not a business in which a public officer or employee or the family of a public officer or employee has a substantial interest; or (iv) if the Contractor is a public officer or employee of the County, a member of the family of a public officer or employee of the County, or a business in which a public officer or employee of the County or the family of a public officer or employee of the County has a substantial interest, public notice was given as required by Section 10-16-7(B) NMSA 1978 and this Agreement was awarded pursuant to a competitive process;

- 3) in accordance with Section 10-16-8(C) NMSA 1978, (i) the Contractor is not, and has not been represented by, a person who has been a public officer or employee of the County within the preceding year and whose official act directly resulted in this Agreement and (ii) the Contractor is not, and has not been assisted in any way regarding this transaction by, a former public officer or employee of the County whose official act, while in County employment, directly resulted in the County's making this Agreement;
- 4) in accordance with Section 10-16-13 NMSA 1978, the Contractor has not directly participated in the preparation of specifications, qualifications or evaluation criteria for this Agreement or any procurement related to this Agreement; and
- 5) in accordance with Section 10-16-3 and Section 10-16-13.3 NMSA 1978, the Contractor has not contributed, and during the term of this Agreement shall not contribute, anything of value to a public officer or employee of the County.
- C. Contractor's representations and warranties in Paragraphs A and B of this Article 12 are material representations of fact upon which the County relied when this Agreement was entered into by the parties. Contractor shall provide immediate written notice to the County if, at any time during the term of this Agreement, Contractor learns that Contractor's representations and warranties in Paragraphs A and B of this Article 12 were erroneous on the effective date of this Agreement or have become erroneous by reason of new or changed circumstances. If it is later determined that Contractor's representations and warranties in Paragraphs A and B of this Article 12 were erroneous on the effective date of this Agreement or have become erroneous by reason of new or changed circumstances, in addition to other remedies available to the County and notwithstanding anything in the Agreement to the contrary, the County may immediately terminate the Agreement.
- D. All terms defined in the Governmental Conduct Act have the same meaning in this Article 12(B).

#### 13. Amendment.

This Agreement shall not be altered, changed or amended except by instrument in writing executed by the parties hereto and all other required signatories.

#### 14. Merger.

This Agreement incorporates all the Agreements, covenants and understandings between the parties hereto concerning the subject matter hereof, and all such covenants, Agreements and understandings have been merged into this written Agreement. No prior Agreement or understanding, oral or otherwise, of the parties or their agents shall be valid or enforceable unless embodied in this Agreement.

## 15. Penalties for violation of law.

The Procurement Code, Sections 13-1-28 through 13-1-199, NMSA 1978, imposes civil and criminal penalties for its violation. In addition, the New Mexico criminal statutes impose felony penalties for illegal bribes, gratuities and kickbacks.

#### 16. Equal Opportunity Compliance.

The Contractor agrees to abide by all federal, state and county laws and rules and regulations, pertaining to equal employment opportunity. In accordance with all such laws, the Contractor assures that no person in the United States shall, on the grounds of race, religion, color, national origin, ancestry, sex, age, physical or mental handicap, or serious medical condition, spousal affiliation, sexual orientation or gender identity, be excluded from employment with or participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity performed under this Agreement. If Contractor is found not to be in compliance with these requirements during the life of this Agreement, Contractor agrees to take appropriate steps to correct these deficiencies.

## 17. Applicable Law.

In any action, suit or legal dispute arising from this Agreement, the Contractor agrees that the laws of the State of New Mexico shall govern, and that venue will lie in the Seventh Judicial District Court in Torrance County. By execution of this Agreement, Contractor acknowledges and agrees to the jurisdiction of the courts of the State of New Mexico over any and all lawsuits arising under or out of any term of this Agreement.

### 18. Workers Compensation.

The Contractor agrees to comply with state laws and rules applicable to workers compensation benefits for its employees. If the Contractor fails to comply with the Workers Compensation Act and applicable rules when required to do so, this Agreement may be terminated by the County.

## 19. Records and Financial Audit.

The Contractor shall maintain detailed time and expenditure records that indicate the date; time, nature and cost of services rendered during the Agreement's term and effect and retain them for a period of three (3) years from the date of final payment under this Agreement. The records shall be subject to inspection by the County, the Department of Finance and Administration and the State Auditor. The County shall have the right to audit billings both before and after payment. Payment under this Agreement shall not foreclose the right of the County to recover excessive or illegal payments

## 20. <u>Disclaimer and Hold Harmless.</u>

Torrance County shall not be liable to the Contractor, or the Contractor's successors, heirs, administrators, or assigns, for any loss, damage, or injury, whether to Contractor's person or property, occurring in connection with Contractor's performance of Contractor's duties according to this Agreement. Contractor shall hold the Torrance County harmless from all loss, damage, and injury, including court costs and attorney fees, incurred by Torrance County in connection with the performance by Contractor of Contractor's duties according to this Agreement.

### 21. Indemnification.

The Contractor shall defend, indemnify and hold harmless the County of Torrance from all actions, proceeding, claims, demands, costs, damages, attorneys' fees and all other liabilities and expenses of any kind from any source which may arise out of the performance of this Agreement, caused by the negligent act or failure to act of the Contractor, its officers, employees, servants, subcontractors or agents, or if caused by the actions of any client of the Contractor resulting in injury or damage to persons or property during the time when the Contractor or any officer, agent, employee, servant or subcontractor thereof has or is performing services pursuant to this Agreement. In the event that any action, suit or proceeding related to the services performed by the Contractor or any officer, agent, employee, servant or subcontractor under this Agreement is brought against the Contractor, the Contractor shall, as soon as practicable but no later than two (2) days after it receives notice thereof, notify the legal counsel of the County of Torrance and the New Mexico Association of Counties by certified mail.

# 22. <u>Invalid Term or Condition</u>.

If any term or condition of this Agreement shall be held invalid or unenforceable, the remainder of this Agreement shall not be affected and shall be valid and enforceable.

#### 23. Enforcement of Agreement.

A party's failure to require strict performance of any provision of this Agreement shall not waive or diminish that party's right thereafter to demand strict compliance with that or any other provision. No waiver by a party of any of its rights under this Agreement shall be effective unless express and in writing, and no effective waiver by a party of any of its rights shall be effective to waive any other rights.

#### 24. Authority.

If Contractor is other than a natural person, the individual(s) signing this Agreement on behalf of Contractor represents and warrants that he or she has the power and authority to bind Contractor, and that no further action, resolution, or approval from Contractor is necessary to enter into a binding contract.

#### 25. <u>Lobbying.</u>

No federal appropriated funds can be paid or will be paid, by or on behalf of the CONTRACTOR, or any person for influencing or attempting to influence an officer or employee of any County, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any

Federal contract, or the making of any Federal grant, the making of any federal loan, the entering into of any cooperative agreement, or modification of any Federal contract, grant, loan, or cooperative agreement. If any funds other than federal appropriated funds have been paid or will be paid to any person influencing or attempting to influence an officer or employee of any County, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection of this federal contract, grant, loan, or cooperative agreement, the CONTRACTOR shall complete and submit Standard Form LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.

### 26. Approval of Contractor Personnel.

Personnel proposed in the Contractor's written proposal to the County are considered material to any work performed under this Agreement. No changes of personnel will be made by the Contractor without prior written consent of the procuring agency of the County. Replacement of any Contractor personnel, if approved, shall be with personnel of equal ability, experience and qualifications. The Contractor will be responsible for any expenses incurred in familiarizing the replacement personnel to insure their being productive to the project immediately upon receiving assignments. Approval of replacement personnel shall not be unreasonably withheld. The procuring agency of the County shall retain the right to request the removal of any of the Contractor's personnel at any time.

### 27. Survival.

The agreement paragraphs titled "Patent, Copyright, Trademark, and Trade Secret Indemnification" and "Indemnification" shall survive the expiration of this agreement. Software licenses, leases, maintenance and any other unexpired agreements that were entered into under the terms and conditions of this agreement shall survive this agreement

### 28. Succession.

This agreement shall extend to and be binding upon the successors and assigns of the parties.

### 29. Force Majeure.

A party shall be excused from performance under this agreement for any period that the party is prevented from performing as a result of an act of God, strike, war, civil disturbance, epidemic, or court order, provided that the party has prudently and promptly acted to take any and all steps that are within the party's control to ensure performance. Subject to this provision, such non-performance shall not be deemed a default or a ground for termination.

### 30. Mediation.

In the event a dispute arises as to the rights and obligations among the parties hereto, the parties agree to attempt to resolve the dispute through mediation as a condition precedent to seeking legal and equitable remedies. The parties agree to evenly split the costs of any such mediation services. The parties shall mutually agree upon the choice

of mediator. In the event the parties have not agreed upon a mediator within twenty (20) days of written notice to the other regarding the dispute, then a list of seven potential mediators will be obtained from the New Mexico Association of Counties and the parties shall utilize a striking process until a mediator is agreed upon.

### 31. Notice to Proceed.

It is expressly understood that this Agreement is not binding upon the County until it is executed by the Board of County Commissioners after voting on the contract at a public meeting. The Contractor is not to proceed with its obligations under the Agreement until the Contractor has received a fully signed copy of the Agreement.

### 32. Attorney's Fees.

In the event this Agreement results in dispute, mediation, litigation, or settlement between the parties to this Agreement, the prevailing party of such action shall NOT be entitled to an award of attorneys' fees and court costs.

### 33. Cooperation.

All parties hereto will fully cooperate with the other and their respective counsel, accountant, and agents in connection with any steps required to be taken under this Agreement.

### 34. Patent, Copyright, Trademark and Trade Secret Indemnification.

- A. The contractor shall defend, at its own expense, the County of Torrance against any claim that any product or service provided under this agreement infringes any patent, copyright or trademark in the United States or Puerto Rico, and shall pay all costs, damages and attorneys' fees that a court finally awards as a result of any such claim. In addition, if any third party obtains a judgment against the County of Torrance based upon the contractor's trade secret infringement relating to any product or service provided under this agreement, the contractor agrees to reimburse the County of Torrance for all costs, attorneys' fees and the amount of the judgment. To qualify for such defense and/or payment, the County of Torrance shall:
  - i. give the contractor prompt written notice of any claim;
  - ii. allow the contractor to control the defense or settlement of the claim; and
  - iii. cooperate with the contractor in a reasonable way to facilitate the defense or settlement of the claim.

- B. If any product or service becomes, or in the contractor's opinion is likely to become the subject of a claim of infringement, the contractor shall at its option and expense:
  - i. provide a procuring agency of the County the right to continue using the product or service;
  - ii. replace or modify the product or service so that it becomes non-infringing; or
  - iii. accept the return of the product or service and refund an amount equal to the depreciated value of the returned product or service, less the unpaid portion of the purchase price and any other amounts which are due to the contractor. The contractor's obligation will be void as to any product or service modified by the procuring agency of the County to the extent such modification is the cause of the claim.

### 35. <u>Professional Liability Insurance.</u>

Contractor agrees to maintain in full force throughout the duration of the Agreement a professional liability insurance policy with a minimum coverage of \$1,000,000.00 per occurrence/\$2,000,000.00 aggregate.

### 36. Contractor's Payment of Property Taxes.

Contractor acknowledges that County has established a policy of ensuring that all individuals and businesses that benefit financially from County through contract are current in paying their property tax obligations to mitigate the economic burden otherwise imposed upon County and its taxpayers. Contractor warrants and certifies that it is presently not delinquent in the payment of its property tax obligations, and that it will not become delinquent during the term of this Contract.

# 37. <u>Termination For Failure to Comply with All County Tax Requirements.</u> Without limiting the rights and remedies available to County under any other provision of this contract, failure of Contractor to cure a tax delinquency within 10 days of notice shall be grounds upon which County may terminate this Contract.

### 38. Notices.

## PROFESSIONAL SERVICES CONTRACT FOR TORRANCE COUNTY

### Grievance Hearing Officers RFP TC-FY22-01

THIS AGREEMENT is made and entered into by and between the County of Torrance, hereinafter referred to as the "County" and **ROBERT F. CURTIS**, hereinafter referred to as the "Contractor", and is effective as of the date set forth below upon which it is executed by the Board of County Commissioners.

### IT IS AGREED BETWEEN THE PARTIES:

### 1. Scope of Work.

The successful Offeror shall provide the services as a Hearing Officer, and shall conduct administrative hearings at the final administrative level that are related to disciplinary action and the application of the County's Personnel Ordinance as follows:

1. Grievances involving interpretation of the County of Torrance's Personnel Ordinance; and

2. Grievances involving disciplinary actions of suspension, demotion, and dismissal of employees arising from the County's Personnel Ordinance.

3. Other related services required of the successful Offeror(s):

a. Scheduling of hearings.

b. Conducting any necessary pre-hearing conferences;

c. Conducting full evidentiary hearings; and

Providing, within thirty (30) calendar days of the conclusion of the hearing, or submittal of past arbitration briefs, written findings of fact and conclusions of law and final decisions.

### 2. <u>Compensation</u>.

For performing the Services specified in Section 1 of this Agreement, the County agrees to pay Contractor on a monthly basis per the attached Cost Response Form per hour, inclusive of all salary, supplies, mileage/per-diem, telephone allowance, and administrative costs, plus applicable New Mexico Gross Receipts Tax. Compensation will be disbursed as follows: Contractor will provide a detailed invoice for services provided and will be compensated per the Cost Response Form, plus New Mexico Gross Receipts Tax, following the end of professional services.

Such amount shall be payable monthly upon the submission and approval of an invoice for Torrance County Manager's Office. Payments to Contractor shall be made as determined by the budgetary and fiscal guidelines by the County. The County will send payment within 45 days to the County's receipt of the invoice to:

Contractor:

Robert F. Curtis

Address:

3120 W. Carefree Hwy., Ste. 1-332

City, State, Zip:

Phoenix, AZ 85086

THE FINAL INVOICE MUST BE RECEIVED BY THE TORRANCE COUNTY MANAGER'S OFFICE NO LATER THAN JUNE 15 OF THE CURRENT FISCAL YEAR. INVOICES RECEIVED AFTER SUCH DATE WILL NOT BE PAID.

### 3. Term.

This professional services agreement is for one (1) year from the date of award. This professional services contract will be for one year, with an automatic renewal. However, Torrance County reserves the right to renew this contract for up to three (3) additional one (1) year terms as provided by this Contract or law and with the concurrence of contractor. In accordance with Section 13-1-150 NMSA 1978, no term for a professional services contract, including extensions and renewals, shall exceed four (4) years, except as set forth in Section 131-150 NMSA 1978. This procurement may result in a multiple source award.

### 4. Termination.

Termination. This Agreement may be terminated by either of the parties hereto A. upon written notice delivered to the other party at least thirty (30) days prior to the intended date of termination. Except as otherwise allowed or provided under this Agreement, the County's sole liability upon such termination shall be to pay for acceptable work performed prior to the Contractor's receipt of the notice of termination, if the County is the terminating party, or the Contractor's sending of the notice of termination, if the Contractor is the terminating party; provided, however, that a notice of termination shall not nullify or otherwise affect either party's liability for pretermination defaults under or breaches of this Agreement. The Contractor shall submit an invoice for such work within thirty (30) days of receiving or sending the notice of Notwithstanding the foregoing, this Agreement may be terminated termination. immediately upon written notice to the Contractor if the Contractor becomes unable to perform the services contracted for, as determined by the County or if, during the term of this Agreement, the Contractor or any of its officers, employees or agents is indicted for fraud, embezzlement or other crime due to misuse of government funds or due to the Appropriations paragraph herein. THIS PROVISION IS NOT EXCLUSIVE AND DOES NOT WAIVE THE COUNTY'S OTHER LEGAL RIGHTS AND REMEDIES CAUSED BYCONTRACTOR'S THE DEFAULT/BREACH THIS AGREEMENT.

B. Termination Management. Immediately upon receipt by either the County or the Contractor of notice of termination of this Agreement, the Contractor shall: 1) not incur any further obligations for salaries, services or any other expenditure of funds

under this Agreement without written approval of the County; 2) comply with all directives issued by the County in the notice of termination as to the performance of work under this Agreement; and 3) take such action as the County shall direct for the protection, preservation, retention or transfer of all property titled to the County and records generated under this Agreement. Any non-expendable personal property or equipment provided to or purchased by the Contractor with contract funds shall become property of the County upon termination and shall be submitted to the County as soon as practicable.

### 5. Appropriations.

The terms of this Agreement are contingent upon sufficient appropriations and authorization being made by the Board of County Commissioners for the performance of this Agreement. If sufficient appropriations and authorization are not made by the Board of County Commissioners, this Agreement shall terminate immediately upon written notice being given by the County to the Contractor. The County's decision as to whether sufficient appropriations are available shall be accepted by the Contractor and shall be final. If the County proposes an amendment to the Agreement to unilaterally reduce funding, the Contractor shall have the option to terminate the Agreement or to agree to the reduced funding, within thirty (30) days of receipt of the proposed amendment.

### 6. Status of Contractor.

The Contractor and its agents and employees are independent contractors performing professional services for the County and are not employees of the County of Torrance. The Contractor and its agents and employees shall not accrue leave, retirement, insurance, bonding, use of county vehicles, or any other benefits afforded to employees of the County of Torrance as a result of this Agreement. The Contractor acknowledges that all sums received hereunder are reportable by the Contractor for tax purposes, including without limitation, self-employment and business income tax. The Contractor agrees not to purport to bind the County of Torrance unless the Contractor has express written authority to do so, and then only within the strict limits of that authority.

### 7. Assignment.

The Contractor shall not assign or transfer any interest in this Agreement or assign any claims for money due or to become due under this Agreement without the prior written approval of the County.

### 8. Subcontracting.

The Contractor shall not subcontract any portion of the services to be performed under this Agreement without the prior written approval of the County. No such subcontract shall relieve the primary Contractor from its obligations and liabilities under this Agreement, nor shall any subcontract obligate direct payment from the County. In all cases, the contractor is solely responsible for fulfillment of this Agreement.

### 9. Release.

Final payment of the amounts due under this Agreement shall operate as a release of the procuring agency of the County, its officers and employees, and the County of Torrance from all liabilities, claims and obligations whatsoever arising from or under this Agreement.

### 10. Confidentiality.

Any confidential information provided to or developed by the Contractor in the performance of this Agreement shall be kept confidential and shall not be made available to any individual or organization by the Contractor without the prior written approval of the County.

### 11. Product of Service -- Copyright.

All materials developed or acquired by the Contractor under this Agreement shall become the property of the County of Torrance and shall be delivered to the County no later than the termination date of this Agreement. Nothing developed or produced, in whole or in part, by the Contractor under this Agreement shall be the subject of an application for copyright or other claim of ownership by or on behalf of the Contractor.

### 12. Conflict of Interest; Governmental Conduct Act.

- A. The Contractor represents and warrants that it presently has no interest and, during the term of this Agreement, shall not acquire any interest, direct or indirect, which would conflict in any manner or degree with the performance or services required under the Agreement.
- B. The Contractor further represents and warrants that it has complied with, and, during the term of this Agreement, will continue to comply with, and that this Agreement complies with all applicable provisions of the Governmental Conduct Act, Chapter 10, Article 16 NMSA 1978. Without in anyway limiting the generality of the foregoing, the Contractor specifically represents and warrants that:
- 1) in accordance with Section 10-16-4.3 NMSA 1978, the Contractor does not employ, has not employed, and will not employ during the term of this Agreement any County employee while such employee was or is employed by the County and participating directly or indirectly in the County's contracting process;
- 2) this Agreement complies with Section 10-16-7(B) NMSA 1978 because (i) the Contractor is not a public officer or employee of the County; (ii) the Contractor is not a member of the family of a public officer or employee of the County; (iii) the Contractor is not a business in which a public officer or employee or the family of a public officer or employee has a substantial interest; or (iv) if the Contractor is a public officer or employee of the County, a member of the family of a public officer or employee of the County, or a business in which a public officer or employee of the County or the family of a public officer or employee of the County has a substantial interest, public notice was given as required by Section 10-16-7(B) NMSA 1978 and this Agreement was awarded pursuant to a competitive process;

- in accordance with Section 10-16-8(C) NMSA 1978, (i) the Contractor is not, and has not been represented by, a person who has been a public officer or employee of the County within the preceding year and whose official act directly resulted in this Agreement and (ii) the Contractor is not, and has not been assisted in any way regarding this transaction by, a former public officer or employee of the County whose official act, while in County employment, directly resulted in the County's making this Agreement;
- 4) in accordance with Section 10-16-13 NMSA 1978, the Contractor has not directly participated in the preparation of specifications, qualifications or evaluation criteria for this Agreement or any procurement related to this Agreement; and
- 5) in accordance with Section 10-16-3 and Section 10-16-13.3 NMSA 1978, the Contractor has not contributed, and during the term of this Agreement shall not contribute, anything of value to a public officer or employee of the County.
- C. Contractor's representations and warranties in Paragraphs A and B of this Article 12 are material representations of fact upon which the County relied when this Agreement was entered into by the parties. Contractor shall provide immediate written notice to the County if, at any time during the term of this Agreement, Contractor learns that Contractor's representations and warranties in Paragraphs A and B of this Article 12 were erroneous on the effective date of this Agreement or have become erroneous by reason of new or changed circumstances. If it is later determined that Contractor's representations and warranties in Paragraphs A and B of this Article 12 were erroneous on the effective date of this Agreement or have become erroneous by reason of new or changed circumstances, in addition to other remedies available to the County and notwithstanding anything in the Agreement to the contrary, the County may immediately terminate the Agreement.
- D. All terms defined in the Governmental Conduct Act have the same meaning in this Article 12(B).

### 13. Amendment.

This Agreement shall not be altered, changed or amended except by instrument in writing executed by the parties hereto and all other required signatories.

### 14. Merger.

This Agreement incorporates all the Agreements, covenants and understandings between the parties hereto concerning the subject matter hereof, and all such covenants, Agreements and understandings have been merged into this written Agreement. No prior Agreement or understanding, oral or otherwise, of the parties or their agents shall be valid or enforceable unless embodied in this Agreement.

### 15. Penalties for violation of law.

The Procurement Code, Sections 13-1-28 through 13-1-199, NMSA 1978, imposes civil and criminal penalties for its violation. In addition, the New Mexico criminal statutes impose felony penalties for illegal bribes, gratuities and kickbacks.

### 16. Equal Opportunity Compliance.

The Contractor agrees to abide by all federal, state and county laws and rules and regulations, pertaining to equal employment opportunity. In accordance with all such laws, the Contractor assures that no person in the United States shall, on the grounds of race, religion, color, national origin, ancestry, sex, age, physical or mental handicap, or serious medical condition, spousal affiliation, sexual orientation or gender identity, be excluded from employment with or participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity performed under this Agreement. If Contractor is found not to be in compliance with these requirements during the life of this Agreement, Contractor agrees to take appropriate steps to correct these deficiencies.

### 17. Applicable Law.

In any action, suit or legal dispute arising from this Agreement, the Contractor agrees that the laws of the State of New Mexico shall govern, and that venue will lie in the Seventh Judicial District Court in Torrance County. By execution of this Agreement, Contractor acknowledges and agrees to the jurisdiction of the courts of the State of New Mexico over any and all lawsuits arising under or out of any term of this Agreement.

### 18. Workers Compensation.

The Contractor agrees to comply with state laws and rules applicable to workers compensation benefits for its employees. If the Contractor fails to comply with the Workers Compensation Act and applicable rules when required to do so, this Agreement may be terminated by the County.

### 19. Records and Financial Audit.

The Contractor shall maintain detailed time and expenditure records that indicate the date; time, nature and cost of services rendered during the Agreement's term and effect and retain them for a period of three (3) years from the date of final payment under this Agreement. The records shall be subject to inspection by the County, the Department of Finance and Administration and the State Auditor. The County shall have the right to audit billings both before and after payment. Payment under this Agreement shall not foreclose the right of the County to recover excessive or illegal payments

### 20. <u>Disclaimer and Hold Harmless.</u>

Torrance County shall not be liable to the Contractor, or the Contractor's successors, heirs, administrators, or assigns, for any loss, damage, or injury, whether to Contractor's person or property, occurring in connection with Contractor's performance of Contractor's duties according to this Agreement. Contractor shall hold the Torrance County harmless from all loss, damage, and injury, including court costs and attorney

fees, incurred by Torrance County in connection with the performance by Contractor of Contractor's duties according to this Agreement.

### 21. Indemnification.

The Contractor shall defend, indemnify and hold harmless the County of Torrance from all actions, proceeding, claims, demands, costs, damages, attorneys' fees and all other liabilities and expenses of any kind from any source which may arise out of the performance of this Agreement, caused by the negligent act or failure to act of the Contractor, its officers, employees, servants, subcontractors or agents, or if caused by the actions of any client of the Contractor resulting in injury or damage to persons or property during the time when the Contractor or any officer, agent, employee, servant or subcontractor thereof has or is performing services pursuant to this Agreement. In the event that any action, suit or proceeding related to the services performed by the Contractor or any officer, agent, employee, servant or subcontractor under this Agreement is brought against the Contractor, the Contractor shall, as soon as practicable but no later than two (2) days after it receives notice thereof, notify the legal counsel of the County of Torrance and the New Mexico Association of Counties by certified mail.

### 22. <u>Invalid Term or Condition.</u>

If any term or condition of this Agreement shall be held invalid or unenforceable, the remainder of this Agreement shall not be affected and shall be valid and enforceable.

### 23. Enforcement of Agreement.

A party's failure to require strict performance of any provision of this Agreement shall not waive or diminish that party's right thereafter to demand strict compliance with that or any other provision. No waiver by a party of any of its rights under this Agreement shall be effective unless express and in writing, and no effective waiver by a party of any of its rights shall be effective to waive any other rights.

### 24. Authority.

If Contractor is other than a natural person, the individual(s) signing this Agreement on behalf of Contractor represents and warrants that he or she has the power and authority to bind Contractor, and that no further action, resolution, or approval from Contractor is necessary to enter into a binding contract.

### 25. Lobbying.

No federal appropriated funds can be paid or will be paid, by or on behalf of the CONTRACTOR, or any person for influencing or attempting to influence an officer or employee of any County, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, or the making of any Federal grant, the making of any federal loan, the entering into of any cooperative agreement, or modification of any Federal contract, grant, loan, or cooperative agreement. If any funds other than federal appropriated funds have been paid or will be paid to any person influencing or attempting to influence an officer or employee of any County, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection of this federal

contract, grant, loan, or cooperative agreement, the CONTRACTOR shall complete and submit Standard Form LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.

### 26. Approval of Contractor Personnel.

Personnel proposed in the Contractor's written proposal to the County are considered material to any work performed under this Agreement. No changes of personnel will be made by the Contractor without prior written consent of the procuring agency of the County. Replacement of any Contractor personnel, if approved, shall be with personnel of equal ability, experience and qualifications. The Contractor will be responsible for any expenses incurred in familiarizing the replacement personnel to insure their being productive to the project immediately upon receiving assignments. Approval of replacement personnel shall not be unreasonably withheld. The procuring agency of the County shall retain the right to request the removal of any of the Contractor's personnel at any time.

### 27. Survival.

The agreement paragraphs titled "Patent, Copyright, Trademark, and Trade Secret Indemnification" and "Indemnification" shall survive the expiration of this agreement. Software licenses, leases, maintenance and any other unexpired agreements that were entered into under the terms and conditions of this agreement shall survive this agreement

### 28. Succession.

This agreement shall extend to and be binding upon the successors and assigns of the parties.

### 29. Force Majeure.

A party shall be excused from performance under this agreement for any period that the party is prevented from performing as a result of an act of God, strike, war, civil disturbance, epidemic, or court order, provided that the party has prudently and promptly acted to take any and all steps that are within the party's control to ensure performance. Subject to this provision, such non-performance shall not be deemed a default or a ground for termination.

### 30. Mediation.

In the event a dispute arises as to the rights and obligations among the parties hereto, the parties agree to attempt to resolve the dispute through mediation as a condition precedent to seeking legal and equitable remedies. The parties agree to evenly split the costs of any such mediation services. The parties shall mutually agree upon the choice of mediator. In the event the parties have not agreed upon a mediator within twenty (20) days of written notice to the other regarding the dispute, then a list of seven potential mediators will be obtained from the New Mexico Association of Counties and the parties shall utilize a striking process until a mediator is agreed upon.

### 31. Notice to Proceed.

It is expressly understood that this Agreement is not binding upon the County until it is executed by the Board of County Commissioners after voting on the contract at a public meeting. The Contractor is not to proceed with its obligations under the Agreement until the Contractor has received a fully signed copy of the Agreement.

### 32. Attorney's Fees.

In the event this Agreement results in dispute, mediation, litigation, or settlement between the parties to this Agreement, the prevailing party of such action shall NOT be entitled to an award of attorneys' fees and court costs.

### 33. Cooperation.

All parties hereto will fully cooperate with the other and their respective counsel, accountant, and agents in connection with any steps required to be taken under this Agreement.

### 34. <u>Incorporation and Order of Precedence.</u>

Request for Proposals No. TC-FY22-01 and the contractor's proposal are incorporated by reference into this agreement and are made a part of this agreement. In the event of any conflict among these documents, the following order of precedence shall apply:

- 1. Any contract amendment(s), in reverse chronological order; then
- 2. this contract itself; then
- 3. the Request for Proposals; then
- 4. the Contractors Best and Final Offer(s), in reverse chronological order; then
- 5. the contractor's proposal; then
- 6. the contractor's standard agreement terms and conditions (which may or may not have been submitted as part of the contractor's proposal).

### 35. Patent, Copyright, Trademark and Trade Secret Indemnification.

- A. The contractor shall defend, at its own expense, the County of Torrance against any claim that any product or service provided under this agreement infringes any patent, copyright or trademark in the United States or Puerto Rico, and shall pay all costs, damages and attorneys' fees that a court finally awards as a result of any such claim. In addition, if any third party obtains a judgment against the County of Torrance based upon the contractor's trade secret infringement relating to any product or service provided under this agreement, the contractor agrees to reimburse the County of Torrance for all costs, attorneys' fees and the amount of the judgment. To qualify for such defense and/or payment, the County of Torrance shall:
  - i. give the contractor prompt written notice of any claim;

- ii. allow the contractor to control the defense or settlement of the claim; and
- iii. cooperate with the contractor in a reasonable way to facilitate the defense or settlement of the claim.
- B. If any product or service becomes, or in the contractor's opinion is likely to become the subject of a claim of infringement, the contractor shall at its option and expense:
  - i. provide a procuring agency of the County the right to continue using the product or service;
  - ii. replace or modify the product or service so that it becomes non-infringing; or
  - iii. accept the return of the product or service and refund an amount equal to the depreciated value of the returned product or service, less the unpaid portion of the purchase price and any other amounts which are due to the contractor. The contractor's obligation will be void as to any product or service modified by the procuring agency of the County to the extent such modification is the cause of the claim.

### 36. <u>Professional Liability Insurance.</u>

Contractor agrees to maintain in full force throughout the duration of the Agreement a professional liability insurance policy with a minimum coverage of \$1,000,000.00 per occurrence/\$2,000,000.00 aggregate.

### 37. Contractor's Payment of Property Taxes.

Contractor acknowledges that County has established a policy of ensuring that all individuals and businesses that benefit financially from County through contract are current in paying their property tax obligations to mitigate the economic burden otherwise imposed upon County and its taxpayers. Contractor warrants and certifies that it is presently not delinquent in the payment of its property tax obligations, and that it will not become delinquent during the term of this Contract.

38. <u>Termination For Failure to Comply with All County Tax Requirements.</u> Without limiting the rights and remedies available to County under any other provision of this contract, failure of Contractor to cure a tax delinquency within 10 days of notice shall be grounds upon which County may terminate this Contract.

### 39. Notices.

Any notice required to be given to either party by this Agreement shall be in writing and shall be delivered in person, by courier service or by U.S. mail, either first class or certified, return receipt requested, postage prepaid, as follows:

the Torrance County Planning and Zoning Board October 6, 2021. When we left the Board Meeting we did not keep our request was denied. I requested a copy of the Minutes but was told they were not prepared yet and that I co	uld watch
the video on the P&Z web page. My wife and I have watched the recording multiple times. The following are Board member Langell said," she has a Medical Cannabis ID but she doesn't smoke the good stuff and that she	excerpts.
on the fence about Recreational Marijuana but it is the law and we can't be prejudiced". Board member Duchard	me asked
County Counsel," Could States like New Mexico and others be held responsible for breaking Federal Marijuar	
Counsel," yes potentially but The Federal Government has chosen not to enforce the Law which essentially gra	
permission."Mr. Ducharme went on to say,"this could be reason for possible denial and that there is a Law which	
classifies marijuana as a Schedule 1 Drug like heroin, LSD & Ecstasy". Board member Langell asked counsel, "i	
board could weigh heavily the deed restictions". Counsel, "no that is a private matter". The Board Chairman Mr.	
asked Planning & Zoning Director Steve Guetschow if the 100 acre requirement was still valid?" Mr. Guetscho	w,"NO".
Not seen in the video but witnessed, Board Chairman Lawson went to the back of the seating and thanked opp witness Richard Simms for bein there.	osing
It is in the public record; September 1,2015 The Torrance County Commission gave the green light to a pot-grow	wing
greenhouse near Aho. Commissioners voted 2-1 in favor of upholding Planning and Zoning Director Steve	
Guetschow's interpertation of the current zoning ordinance in reference to a decision that allowed a legal medic	al
marijuana greenhouse operation on the Loma Parda subdivision near Abo. Record shows that Commissioner J	im Frost
said, "Personnally I'm against marijuana although I know medical marijuana is a different subject. The same as	
other drugs-pills and things-that are legal and are treated in the wrong way many times. I think that is something	ng that has
to be considered. I also know that there is a possibility that this could end up in a court and that the county has	to be
(financially) responsible for whatever that decision might be."

INSTRUCTIONS: Submit **nine (9)** copies of the appeal form and filing fee to the County Zoning Officer within **fifteen (15)** days after a determination is made which is the subject of the appeal. Public Notice must be given by legal advertisement prior to the hearing. The appeal shall be decided by the Board of County Commissioners within thirty (30) days after the date of filing.

We believe under Torrance County Zoning Ordinance Section 9., Agricultural Preservation District (A-P5, AP-10 & AP-40) that we meet the Permissive Uses Criteria.

- B. Permissive Uses. Any of the following permissive uses are allowed in this zone district:
  - 2. Cultivation and harvesting of plants and croplands.

We believe under Torrance County Zoning Ordinance Section 21. Conditional Use Permits., that we meet the standards for all guidelines.

D. Guidelines. See attached ordinance.

Section 23. Water Usage.

Our proposed water usage per plant will be One Gallon/Day. Predicated on production of 540 plants annually. Two crops of 270 plants 120 days to maturation = 64,800 gallons Maximum. Please see the attached 2 articles. Also, a copy of our well permit.

Please see attached article from the Mountain View Telegraph September 1, 2015. Headline: Greenhouse for medical pot cultivation gets OK.

The applicable Torrance County Zoning Ordinances are attached.

We feel that the aforementioned Board Members are biased.

# TORRANCE COUNTY ZONING ORDINANCE

Adopted by the Board of County Commissioners of Torrance County on
March 21, 1990
[Including revisions to: July 8, 2020]

# SECTION 8.1 AGRICULTURAL DISTRICT (A)

- A one mile buffer zone will be established around the periphery of the "A" zone where it comes in contact with another zone district. Within the buffer zone, the Zoning Board may allow development to take place which is consistent with the zone district to which it joins.
  [REV: Ord. No. 95-11, 11/10/95; Ord. No. 2008-003, 4/23/08]
- A proposed land use must comply with Section 23, pertaining to water usage. [REV: Ord. No. 97-7, 6/27/97]
- 4. Commercial agricultural and horticultural operations are prohibited within the bounds of Types 1 & 2 subdivisions as defined in Article 2 of the Torrance County Subdivision Regulations. In Types 3, 4, & 5 subdivisions a Conditional Use Permit may be required. [REV: Ord. No. 2008-003, 4/23/08]
- 5. Commercial horticultural operations involved with the cultivation and harvesting of medical cannabis are prohibited within the bounds of Types 1, 2, & 3 subdivisions as defined in Article 2 of the Torrance County Subdivision Regulations. In Types 4 & 5 subdivisions a Conditional Use Permit may be required, however the operation shall be centered on at least 100 acres.

### SECTION 9. AGRICULTURAL PRESERVATION DISTRICT (AP-5, AP-10 & AP-40).

- A. <u>Intent</u>. This zone district is intended to protect and preserve areas of suitable agricultural soil for agricultural and agriculture-related uses. The standards prescribed for this district are intended to preserve the open character of the area and thereby to protect the business of agriculture. The minimum lot size in this zone district shall be either five acres (AP-5), ten acres (AP-10), or forty acres (AP-40), as indicated on the Zoning Map.
- B. <u>Permissive Uses</u>. Any of the following permissive uses are allowed in this zone district:
  - One singular dwelling unit per lot;
     [REV: Ord. No. 95-5, 6/10/95; Ord. No. 97-8, 6/27/97]
  - Cultivation and harvesting of plants and croplands;
  - Raising, breeding, management and sales of livestock, excluding pigs, as long as such use is not a Feedlot. [REV: Ord. No. 2001-2, 3/14/01]

AP-5 districts have the following restrictions on the number of livestock used as pleasure animals or animals for personal use according to lot size;

½ to 1 acre: No more than two (2) horses or two (2) cows or an equivalent number of sheep or goats.

Equivalency is determined as one (1) horse or cow equals three (3) goats or three (3) sheep or combination thereof.

Additional livestock units allowed is based upon one (1) horse or cow unit per each additional acre of land.

Exception: Livestock including pigs temporarily raised for educational purposes by children belonging to a recognized organization such as 4H or Future Farmers of America.

- 4. Kennel, subject to the regulations of Torrance County Animal Control Ordinance and provisions listed under Section 6 of this ordinance.
- C. <u>Conditional Uses</u>. The following uses may be allowed in this zone district only upon permit granted by the Zoning Board:
  - 1. One supplemental residential dwelling unit allowed on a parcel meeting district minimum standards; in the AP-5 and AP-10 zone districts, a temporary supplemental residential dwelling unit may only be used so that reasonably necessary medical or other care-taking services may be provided by a resident of the other on-site residential dwelling unit; in the AP-40 zone district, 2 supplemental residential dwelling units allowed on a parcel of at least eighty acres or 1/8 section.

    [REV: Ord. No. 2001-2, 3/14/01]
  - 2. Home occupation, subject to the following provisions: [REV: Ord. No. 95-5, 6/10/95]
    - a. Not more than 40 percent of the floor area of the dwelling unit, nor more than 800 square feet of an accessory building, shall be used in the conduct of the home occupation,
    - b. No more than three (3) non-resident employees shall be stationed on the premises,
    - c. There shall be no exterior storage of materials unless completely enclosed by a wall,

- this Ordinance. It is the intent of this Ordinance to allow these nonconformities to continue until they are removed, but not to encourage their survival.
- Certificate of Nonconformance. Nonconformities shall be identified and issued В. Certificates of Nonconformance as determined by the Zoning Director. Upon receipt of a written notification from the Zoning Director, it shall be the responsibility of owners of nonconforming property to obtain a Certificate of Nonconformance from the Zoning Director within 60 days after the date of notification. [REV: Ord. No. 2008-003, 4/23/08]
- Nonconformities Allowed. A nonconformity existing at the time this Ordinance C. takes effect may be continued under the Certificate of Nonconformance. The authority to continue a nonconforming use is transferable to the successors and assigns of the owner. The transfer of authority shall be evidenced by transfer of the Certificate of Nonconformance to the successor or assignee. A continuing nonconforming use may also be referred to as a "grandfathered use".
- Expansion. A nonconformity shall not be enlarged, expanded, or extended. D. However, the addition of a lawful use to any portion of a nonconforming building shall not be deemed an extension of such nonconforming building.
- Restoration. If a nonconforming use or structure is damaged or destroyed by any E. means to an extent of more than 50 percent of its replacement cost at the time of destruction, then restoration must be for a permitted use. Singular dwelling units, however, may be exempt from this restoration requirement if approved by the Zoning Board and the New Mexico Environment Department in order to comply with Liquid Waste Disposal Regulations. [REV: Ord. No. 2008-003, 4/23/08]
- F. Abandonment. Whenever a nonconforming use has been discontinued or abandoned for a period of one year or more, such use shall not thereafter be reestablished, and any future use must be in conformance with the provisions of this Ordinance. Any nonconforming dry land or irrigated farmland shall be exempt from this abandonment requirement.
- Nonconforming Lot Size. Any lot of record existing prior to the effective date of G. this Ordinance, which fails to meet the minimum area requirements, may be developed, redeveloped, or improved provided that any other requirements of the lot are in conformance with the provisions of this Ordinance. Unless specifically cited by the Zoning Board, a Certificate of Nonconformance will not be required for nonconforming lots. [REV: Ord. No. 2008-003, 4/23/08]

- A. Approval and Permit Required. Conditional uses established by this Ordinance shall not be allowed without the review and approval of the Zoning Board, which shall be guided in making a decision by the criteria set forth in this section. Anyone seeking a Conditional Use Permit shall provide to the Zoning Director such information as may be reasonably required to determine whether the requested conditional use is consistent with the intent and purpose of this Ordinance. [REV: Ord. No. 2008-003, 4/23/08]
- B. Application. Any request for a Conditional Use Permit shall be submitted with filing fee to the Zoning Director on a prescribed application form obtainable from the Zoning Director. The Zoning Director shall transmit the application and any supplementary information to the Zoning Board for review and consideration at their next regularly scheduled meeting. To the extent possible, all abutting property owners shall be notified of the Zoning Board meeting at which the Conditional Use Permit application will be considered.

  [REV: Ord. No. 2008-003, 4/23/08]
- C. Posting Signs. The Zoning Director shall post one or more signs on the premises involved, no less than 15 days prior to the date of the Zoning Board meeting at which the Conditional Use Permit application will be considered. The applicant shall maintain the posted sign on the premises until the zoning action is completed. Such posted sign shall provide details of the application and the meeting at which the zoning action will be considered. At least one on-premise sign shall be visible from each road which abuts the premises involved. The applicant is responsible for removing such signs within five days after a decision is made on the Conditional Use Permit. Failure to properly maintain signs is grounds for deferral or denial of the application. It is unlawful for any person, except the applicant or an agent for the applicant or the Zoning Director, to remove any such sign during the period it is required to be maintained under this paragraph.

  [REV: Ord. No. 97-6, 6/27/97; Ord. No. 2008-003, 4/23/08]
- <u>O.</u> <u>Guidelines.</u> The Zoning Board shall not approve any Conditional Use Permit unless satisfactory provision has been made concerning the following, where applicable: [REV: Ord. No. 2008-003, 4/23/08]
  - Accessibility to property and proposed structures thereon, with particular reference to automobile and pedestrian safety, traffic control, and emergency access in case of fire, flood, or catastrophe;
  - 2. Off-street parking and loading areas where required, with particular attention to the refuse and service areas;
  - 3. Water and liquid waste facilities, with reference to soil limitations, locations, and public health;

- The economic, noise, glare, or odor effects of the conditional use on 4. adjoining properties;
- 5. General compatibility with adjacent properties; and
- 6. A proposed land use must comply with Section 23, pertaining to water usage. [REV: Ord. No. 97-7, 6/27/97]
- Limitations. Conditional Use Permits issued in accordance with this Ordinance <u>E.</u> shall be considered permanent, with the following exceptions: [REV: Ord. No. 95-5, 6/10/95]
  - For any conditional uses that have an exceptional tendency, because of 1. their nature or character, to create an adverse impact on neighboring properties, the Zoning Board may limit the term of the permit to a specified length of time after which the permit shall expire and may be renewed. An application for renewal of the Conditional Use Permit may be submitted and processed in the same manner as the original application, with reduced filing fee.

[REV: Ord. No. 2008-003, 4/23/08]

- Where there has been a significant change in the physical extent, 2. operations, or character of a permitted conditional use, the Zoning Board may require a renewal of the original Conditional Use Permit. Significant change shall be determined by the Zoning Board, based on a scheduled review of the Conditional Use Permit. [REV: Ord. No. 2008-003, 4/23/08]
- An approved Conditional Use Permit shall become void one (1) year after 3. the date of approval if the rights and privileges granted thereby have not been utilized.
- An approved Conditional Use Permit shall become void if, after the use has 4. begun, it ceases on the approved site for a continuous period of one (1) year or more.
- 5. The County Commission may revoke a permit if the requirements and restrictions required by this Ordinance are not met. Before a permit may be revoked, the permittee must be given at least 10 days written notice of the specific charges and be given the opportunity for a hearing before the County Commission.

[REV: Ord. No. 2001-2, 3/14/01; Ord. No. 2008-003, 4/23/08]

# SECTION 23. WATER USAGE.

- Purpose. Given the effects that water usage associated with a proposed land use Α. may have on water resources within the County, both as to quality and quantity, the purpose of this section is to promote the health, safety and welfare of County inhabitants; to promote the conservation and beneficial use of water resources within the County; and to protect prior existing water rights and interests. [REV: Ord. No. 97-7, 6/27/97]
- Application. Every application under the Zoning Ordinance will be evaluated as to В. its potential effect on water resources within the County. Every application shall contain with it a statement of the water usage associated with or required to carry out the proposed land usage. Either the Zoning Director or Zoning Board shall make an initial review of the associated water usage and shall determine whether the proposed usage is of such an extent or nature that referral for comment to an appropriate public agency is in order. [REV: Ord. No. 97-7, 6/27/97; Ord. No. 2008-003, 4/23/08]
- Referral to Public Agency. After an application is deemed complete, the County <u>C.</u> Zoning Director or Zoning Board may forward a copy of the application to any of the following state or local agencies by certified mail "Return Receipt Requested" with a request for review and opinion:

[REV: Ord. No. 97-7, 6/27/97; Ord. No. 2008-003, 4/23/08]

- New Mexico State Engineer's Office; 1.
- 2. New Mexico Environment Department;
- Soil and Water Conservation District in which the proposed land usage 3. would occur:
- The Estancia Basin Water Planning Committee; and 4.
- Such other public agencies as the County deems necessary or appropriate. 5.
- Agency Response. The state and/or local agencies shall be given forty-five (45) <u>D.</u> days from their receipt of the application to review and return an opinion regarding its effect on water resources within the County. The Zoning Director shall obtain receipts or other proof showing the date the opinion request was received by each state or local agency. In reviewing an application, the Zoning Board shall consider any timely agency response or comment in making a decision or recommendation on the application.

[REV: Ord. No. 97-7, 6/27/97; Ord. No. 2008-003, 4/23/08]

Guidelines. In evaluating a water usage associated with a proposed land use, the Ε. County shall consider the following factors, where applicable:

## [REV: Ord. No. 97-7, 6/27/97]

- 1. The effect or impacts on the public safety, health and welfare of County inhabitants, particularly those in the vicinity of the proposed water usage;
- 2. The potential adverse effects on water quality;
- 3. Effects on water quantity, including potential impairment of prior existing water uses; and
- Whether the water use is consistent with conservation and beneficial use of water.

# SECTION 24. AMENDMENTS.

- A. Amendment. The County Commission may amend any part of this Ordinance, including the zone district boundaries. The County Commission may elect to submit a proposal for amendment to the Zoning Board for review and recommendation made by the Zoning Board.

  [REV: Ord. No. 2008-003, 4/23/08]
- Application. Any request for an amendment to this Ordinance, not originating from В. the County Commission or from a committee established by the County Commission to propose an amendment, shall be submitted with filing fee to the Zoning Director on a prescribed application form obtainable from the Zoning Director. The Zoning Director shall transmit the application and any supplementary information to the Zoning Board for review and consideration at their next regularly The Zoning Board shall prepare and transmit a scheduled meeting. recommendation in writing to the County Commission within 7 days after their review of the proposed amendment is completed. To the extent possible, all abutting property owners of any land proposed for a zone change shall be notified of the Zoning Board meeting at which a zone change will be reviewed for recommendation to the County Commission. An application to amend the zone map for specific parcel of land must be accompanied by a site development plan, showing to scale and in detail the proposed structures on the site, distance from structures on adjoining properties, ingress and egress, parking and signage. If the application is approved by the County Commission, the land uses on the parcel shall conform to the site development plan and may only be modified by approval of the Zoning Board of a revised plan.

[REV: Ord. No. 2001-2, 3/14/01; Ord. No. 2008-003, 4/23/08]

C. Public Hearing. A public hearing on all applications for a text change to the ordinances or change of the Zone Map, shall be held by the Torrance County Planning and Zoning Board. Notification of the time and place of the public hearing

# How much water does cannabis really need?

By Ngaio Bealum

This article was published on <a>08.06.15</a>

**Ngaio Bealum** is a Sacramento comedian, activist and marijuana expert. Email him questions at <a href="mailto:ask420@newsreview.com">ask420@newsreview.com</a>.

About your recent column: Does it really take six gallons of water per day to grow a cannabis plant?

## -Dro Savoire

Right? I also feel like that number is a little high, so I did some more research. Here is what I found: According to these folks (<a href="https://www.theganjier.com/2015/07/02/">www.theganjier.com/2015/07/02/</a>

plant needs one gallon of water per day per useable pound of cannabis created. So a plant that yields 6 pounds would in fact need six gallons per day, while a plant that yields 2 pounds would only need two gallons per day. Most indoor plants yield way less than 6 pounds after harvest (if you can get more than 6 ounces from a decent sized indoor plant, you are a pretty good gardener), and outdoor noncommercial gardens will usually give you two to four pounds per plant. So while the "six gallons of water per day" may be accurate if everyone is growing monster plants, it doesn't tell the whole story. Also consider that a bottle of wine may run you 400 gallons of water, while an eighth of an ounce of quality cannabis will cost about 1.9 gallons of water. Which one looks like a better deal for a drought-conscious state? Maybe we should start some sort of "Save water, grow weed instead of wine" campaign?

The Oregonian just reported that more than half of 150 concentrates tested for pesticides came back positive. However, there is nothing restricting pesticide-laden concentrate from entering the retail

market. Many pesticides that were found are known carcinogens. The full story is here: <a href="www.oregonlive.com/marijuana-">www.oregonlive.com/marijuana-</a>

<u>legalization/pesticides</u>. Can you respond to this in a column? Are you aware of any similar study done with products sold in California dispensaries? Is there any person or group advocating for stricter regulation of pesticides in cannabis cultivation? Thank you.

# -M. Gibb

Good question. No one wants to inhale a bunch of pesticides along with their delicious marijuana. Way back in April 2015, the California State Water Board released a brochure containing some guidelines for responsible pesticide use around cannabis plants (<a href="http://blog.sfgate.com/smellthetruth/2015/04/08/marijuana-pesticide-">http://blog.sfgate.com/smellthetruth/2015/04/08/marijuana-pesticide-</a>

(<u>nttp://blog.stgate.com/smellthetruth/2015/04/08/marijuana-pesticide-guidelines-issued-by-state-of-california</u>). The thing is, there hasn't been a ton of research about which pesticides are best for cannabis growers. The best practice would be for growers to use OMRI certified organic and natural pesticides, but not everyone does that. Testing facilities generally look for pesticide levels that are above generally accepted tolerances, and most clubs these days won't accept cannabis that hasn't been tested. I would say that most of the cannabis found in the California clubs is as clean as possible, but your best bet may be to find a grower or a club that specializes in organically grown medicine. I hope that helps.

# How Much Water Does It Take to Grow Cannabis?

In How to Grow Cannabis

One of the challenges of growing cannabis indoors is knowing how much water to feed your plants. In nature, plants have the advantage of natural rainfall and drainage and only need to be watered during drought conditions.

Watering your indoor plants too little or too much will stunt production, and water waste can drastically increase your overhead. So how do you get it right?

# How Much Water Should You Add to Cannabis Plants?

A good standard to work with is one gallon of water per day for each pound of processed flower you expect to harvest from each plant. The finished weight will obviously change according to how long you allow your plants to veg before forcing flower, so adjust your water per plant accordingly.

This ratio was determined by the Emerald Growers Association and the Mendocino Cannabis Policy Council after polling numerous cannabis farmers about their water usage.

# How Much Water Does It Take To Produce a Standard Eighth Of Cannabis?

1.875 total gallons per 1/8th of usable cannabis.

Use this figure when calculating your overhead costs if you're adhering to the 1:1 ratio of one gallon per day per pound of processed flower.

# How Often Should You Water Your Cannabis Plants?

Your watering schedule will vary according to the temperature of your grow area as well as the strain, health, and size of your plants. When determining a watering schedule, observe your plants every day.

Do the stalks look rigid or weak?

Do the leaves look colorful and vibrnt or do they look droopy and pale?

Also, consider utilizing gravity-fed watering systems that allow plants to take water in from the bottom u, taking the guesswork out of the equation.

# How Do I Water Cannabis More Efficiently?

By following the below points, you'll increase your chances of having success with growing cannabis:

- Use SoHum Living Soils® for best moisture retention and drainage
- · Install a drip line system for maximum water control
- If you find yourself using more than the 1:1 ratio, consider moving your plants to larger pots to retain water longer
- Monitor your plants daily; as cannabis plants are living beings and can be unpredictable
- Utilize gravity fed watering systems or bottom watering containers

It is imperative to calculate water costs when growing cannabis. If a grower is not careful, the financial and environmental impacts of using too much water can be extreme.

At SoHum Living Soils®, our team consists of experts on growing cannabis, and our website features many articles on **best practices**.

# Greenhouse for medical pot cultivation gets OK

# BYNICOLE MAXWELL / MOUNTAIN VIEW TELEGRAPH

TUESDAY, SEPTEMBER 1ST, 2015 AT 12:05AM

The Torrance County Commission has given a green light to a pot-growing greenhouse near Abo.

Commissioners voted 2-1 in favor of upholding Planning and Zoning Director Steve Guetschow's interpretation of the current zoning ordinance in reference to a decision that allowed a legal medical marijuana greenhouse operation on the Loma Parda subdivision near Abo.

The negative vote came from Commissioner Julia DuCharme, who said it appeared the operation is a commercial use and the zoning states that commercial uses are not allowed except on a case-by-case basis.

"You admitted that you have employees working on property. You admitted that it is not for personal use. Then what kind of use is that if it is not commercial? Is it educational? Is it charitable? What kind of use? You didn't specify. I am convinced that it is commercial use. I feel that this ordinance was interpreted incorrectly," DuCharme said.

Commission Chairman LeRoy Candelaria disagreed, stating that Guetschow interpreted the ordinance to the best of his ability.

A meeting was held last month between JBM Land and Cattle and the Loma Parda residents at the law offices of Wallin, Huss and Mendez with both county attorney Brandon Huss and Torrance County Manager Joy Ansley attending. The appellants – the landowners – did not want to participate in the meeting, Huss said.

"We did not have any grounds to make a deal but they – JBM Land and Cattle – did show up and talk about attempting to participate in community affairs. JBM Land and Cattle were there but no deal could be made," Huss said.

Trevor Reed of JBM Land and Cattle said via email that company representatives will meet with neighbors.

The land where the greenhouse is located is in a conservation district, which means that only certain activities are permitted on the property, such as low-intensity agriculture operations, cultivating and harvesting of plants and croplands along with other uses as set forth in the Torrance County Zoning Ordinance.

The marijuana greenhouse that was approved by the state Department of Health and the Torrance County Planning and Zoning Board has been a source of contention with its neighbors in the Loma Parda subdivision near Abo in Southern Torrance County.

"Personally I'm against marijuana although I know medical marijuana is a different subject.

The same as many other drugs – pills and things – that are legal and are treated in the wrong

way many times. I think that is something that has to be considered. I also know that there is a possibility that this could end up in a court and that the county has to be (financially) responsible for whatever that decision might be," Commissioner Jim Frost said.

# Letter of Intent for a Conditional Use Permit

Presently we have a detached building which is 24 feet by 30 feet. We want to utilize the 720 square foot space to grow two crops of cannabis twice a year. Each crop would consist of 270 plants. The growing period from seedling to mature plant is approximately 4 months. The plants are dried for a month and then trimmed to produce the finished product. All aspects of the process will be conducted in the single structure. The cannabis product will be stored in a vault inside the greenhouse.

The Cannabis Control Division of the State Revenue and Licensing Department have published 'Licensing and Operational Requirements for Cannabis'. The objective is to ensure the safe production of cannabis. An example of requirements is Fire Safety, Fire extinguishers, Fire Alarm, Fire Suppression System; Security, Alarm System and Digital Video Surveillance; Commercial Grade Locks. Of course, we will meet and adhere to **ALL** requirements.

Our intent is to maintain our property exactly as it is today. There will be no visible change. There will be no commercial traffic. There will be no sales. Most of the required supplies can be delivered by UPS. The transportation of the product will be in our personal vehicles. In anticipation of water requirements, we have installed an 18,000-gallon Solar Rainwater Harvesting System approved by East Torrance Soil and Water Conservation District. We will continue to be good neighbors and Torrance County citizens.

Chairman Lawson referred the matter to the Board for question or comment. Mrs. Langell asked since they had not owned the land for five years, if their children would be obligated to the five year minimum. Mr. Guetschow confirmed. Chairman Lawson understood they had owned the land less than two years. Mrs. Aragon-Salas explained they had owned the land about one year. Chairman Lawson noted each parcel was about 2.5 acres and could have its own well. Mr. Guetschow confirmed. Chairman Lawson explained that was enough room for a septic as well. Chairman Lawson requested a motion. Vice Chairman Art Ducharme made a motion to approve Action Item 5. Mr. Frost seconded.

Chairman Lawson began the roll call vote with Tina Estrada: Aye, Jim Frost: Aye, Vice Chairman Art Ducharme: Aye, Gail Langell: Aye, Chairman Harlan Lawson: Aye. All in favor. Motion carried.

Mrs. Aragon-Salas asked if they could have a shared well. Chairman Lawson explained they could have a contract that the County required for a shared well. Mr. Guetschow explained the contract was not between the owners, it was between the lots. This protected the water rights for any future owners of the subject properties.

The cannabis product would be stored in a vault inside of the greenhouse. The Cannabis Control Division of the State Revenue and Licensing Department had published Licensing and Operational Requirements for Cannabis. The objective was the safe production of cannabis. Examples of requirements were fire safety, fire extinguishers, fire alarm, fire suppression system, security alarm system, digital video surveillance, and commercial grade locks, which they would meet and adhere to. Their intent was to maintain the property exactly as it was today. There would be no visible change or commercial traffic. Most of the supplies could be delivered by UPS. Transportation of product would be done with personal vehicles. In anticipation of water requirements they had installed an 18,000 gallon solar rain water harvesting system approved by the East Torrance Soil and Water Conservation District. They would continue to be good neighbors and good Torrance County residents. Chairman Lawson asked for comments in favor of the item. There were none. Chairman Lawson asked for comments in opposition to the item. Mr. Guetschow asked Mr. Strahlem to take a seat. He explained that after public and staff comment he would have the opportunity to rebut. Mr. Jonathan Hagmaier came forward and was sworn. He explained that he and his wife owned a lot adjacent to the subject property. He explained Mission Hills was a residential community and was in zone AP-40. The residents loved the rural setting and open space. They were concerned about the establishment of a cannabis greenhouse in a residential neighborhood. He explained there were many reasons to reject this application. First was it violated subdivision deed restrictions which prohibited operation of commercial entities of any kind on any lot in the subdivision. He was concerned that property values would drop if the permit was granted. His focus today related to ground water. Planning & Zoning designated the area in question a 40 acre minimum. This was done in conjunction with the State Engineers evaluation of the area, and in recognition of the limited ground water resources in the area. He explained the technical aspects of the fractured geology of the area. The resulting reservoirs were not aquifers and using these was actually mining fossil water. There was very little recharge into the groundwater reservoirs. It was a well-established fact that cannabis greenhouse operations required tremendous amounts of water. He referred to a study by the California Fish & Game, for the State of California, that stated one cannabis plant over 150 days required 900 gallons of water. Two planting cycles equaled 1800 gallons used. 270 plants were proposed. 200 plants at 1800 gallons per year equaled 360,000 gallons of water.

Mr. Hagmaier explained that his well produced about two gallons per minute. He could demonstrate a 10% decline in total volume of water produced per pumping over a fifteen year period. This reduction was due to only domestic water use. Every well in Mission Hills was designated domestic. The applicant's well would have to be re-designated to commercial use. He explained there were many other locations in Torrance County zoned for commercial greenhouse operations that had the ground water to support them. Ground water resources for all of the Mission Hills residents would be significantly impacted if the State issued a commercial water right for this operation. He explained letters of opposition had been submitted by the majority of stake holders in the community. Mr. Hagmaier requested the Board deny the application for the reasons given. Chairman Lawson referred to the comment about very little recharge of the reservoir, that rain water had no impact. Mr. Hagmaier explained that he monitored his well closely. Snow melt and rain fall provided no difference even in good years. He explained the technical aspects of fracture density. He couldn't say there was no recharge but the amount was not measureable. Chairman Lawson asked how deep his well was. Mr. Hagmaier explained 425 feet. Water stood at about 160 feet. It took about 2 ½ hours to replenish about 500 gallons. It took about a day to recover in the well bore. He repeated that he had documentation to show the well decline over the last fifteen years. He repeated his request to deny the application. Ms. Janet Cool came forward and was sworn. She explained she was Mr. Hagmaier's wife. They had chosen to build in Mission Hills based on neighborhood deed restrictions. The applicant had agreed to those same deed restrictions. She asked the Board to support the deed restrictions which maintained the residential integrity of the neighborhood by not granting this Conditional Use permit. Mr. Randy Wright came forward and was sworn. His primary opposition was based on the Mission hills Deed restrictions. Granting this permit would violate and possibly undermine the deed restrictions. He explained the benefits to the community gained by having the deed restrictions. He read Article 2 and Article 8 of the deed restrictions. He explained that Mr. Hagmaier was Dr. Hagmaier and had a PhD in geology. He asked the Board to deny the application. Mr. Richard Simms came forward and was sworn. He explained that he owned two 40 aere lots in Mission Hills. He thought that if this was approved it would be very hard to change would affect many people. Mrs. Charlene Guffey came forward and was sworn. She explained she lived in the county but did not live in Mission Hills. She was opposed and referenced proposed changes to the Ordinance discussed at the last meeting. She had several theoretical concerns regarding what might happen. Mr. Strahlem returned to the podium. He cited instances where the deed restrictions, including one instance of commercial activity, had been violated by others in the neighborhood. These violations had been ignored and allowed to take place. He referred to sections of the deed restrictions that had not been previously read. His well pumped 20 gallons per minute. His allocation was .5 acre feet per year, or approximately 162,000 gallons per year. His research indicated that the highest producing cannabis plant, about 16 ounces, would use 1 gallon of water per day. 1 gallon per day for 540 plants annually was about 64,000 gallons. His annual household use was about 81,000 per year, about half of their allotment. He felt they were well within their right to use the residential well, to re-purpose some of the water for cannabis. The solar rain water harvesting system noted earlier that would be used to supplement it currently held about 10,000 gallons. The greenhouse would be vented once per day through charcoal filters and would not have an odor impact. He had the rules and regulations from the Cannabis Control Division. These were stringent and difficult to comply with. If he was not standing here today the neighbors would not know if they were growing tomatoes in the greenhouse. They intended to use the revenue to supplement their retirement income.

11:00am Recess was called to make copies of the Cannabis Control Division rules and Regulations for the Board. 11:28am Meeting Reconvened

Mr. Strahlem returned to the podium. Vice Chairman DuCharme referred to the letter of intent. He took it that harvested water was to be used to grow the crop. Now Mr. Strahlem said he would use ground water for most of it and use the rain water to supplement. Mr. Strahlem confirmed. Vice Chairman DuCharme stated that made a big difference, as had been expressed the use of ground water was one of the main concerns. He explained that he had used collection systems and had never harvested more than 1,000 gallons. He didn't see how Mr. Strahlem got 10,000. Mr. Strahlem explained his research provided estimated harvest figures based on an average of 14.6 inches of rain, which was recognized as the accepted average rainfall for New Mexico. It had probably been less. Based on half of the roof surface area of the house, 2000 square feet, theoretically they could harvest 12,000 gallons a year.

He had 10,000 gallons and had started water collection in April. The roof area of the greenhouse was 600 square feet. He couldn't remember for sure but thought between the roof area of the house and greenhouse they could harvest 24,000 gallons per year. Vice Chairman DuCharme thought the rain fall estimate was very high for this area of New Mexico. Mrs. Langell commented that she had farmed and ranched in this valley her whole life. Three of the Board members were lucky to be in the aquifer. Mr. Strahlem was in a fracture. She had been told that when in a fracture the water could be gone in a heartbeat because there was no reservoir underneath to support it. She measured her rainfall. The last two or three years had been bad. This year had been good for rain and she thought maybe had 10 inches. She didn't know what it was in his area, but being a farmer and rancher she knew you could run out of water. Chairman Lawson asked for clarification that Mr. Strahlem's had gone dry. Mr. Strahlem clarified that on three occasions his well had electronic or mechanical failure and had not gone dry. Chairman Lawson asked Mr. Hagmaier to return to the podium. He asked for clarification on the 900 gallons of water per plant. Mr. Hagmaier returned to the podium. He repeated figure that was based on the study by the California Fish and Wildlife report to the State of California. He repeated the water requirement figures per plant and the projected water used for Mr. Strahlem's proposed erop. Chairman Lawson asked if he had additional sources for figures. Mr. Hagmaier explained he did not. He had used the one. Chairman Lawson gave Mr. Hagmaier the opportunity to respond to some of Mr. Strahlem's other comments. Mr. Hagmaier explained that Mr. Strahlem had attempted justify his violation of the deed restrictions by saying this was a common occurrence in the community. He explained that the instances cited by Mr. Strahlem were mostly in error and why. The instance of commercial activity wasn't really that. He was a hobby artist and had moved out of the community. He explained that Mr. Strahlem's well may produce 20 gallons per minute, and if so had a direct effect on other wells on connected fractures. He noted that Mr. Strahlem's well allocation was for domestic and not commercial use. He referred to his own water right which specifically stated it was not to be used for commercial purposes. He had a Davis weather station and year to date had received 10.5 inches. The average was 10 to 12 inches per year. Chairman Lawson asked Mr. Strahlem if he had a rebuttal. Mr. Strahlem returned to the podium. He explained he wouldn't be here except the State had legalized the production and use of cannabis. Re-purposing the well was part of the approval process by the State and would be applied for if his application was approved today. Vice Chairman DuCharme asked County Attorney John Butrick for an opinion. He explained that the Supremacy clause of the Federal Constitution stated Federal law trumped State law and their Constitutions. Although the majority of States allowed growing or possessing marijuana, it remained illegal under Federal law. According to the internet as late as July 6, 2021 Federal law makes it illegal to use, possess, grow, or sell marijuana. There was no exception to the medical or recreational use of it. Federal law was another aspect for possible denial of this Action. He cited the other objections made today. County Attorney John Butrick explained that his understanding of Federal law was that it was illegal per Federal law to have such things. That said, it hasn't stopped other States from doing what they are doing. It is also true that when there is Federal law and State law that are specifically on point on the same issue, and getting into the minutia of the details of the specific issues within the Statute of what can and can't be done, not just a larger item in terms of cannabis or no cannabis, specific issues of what is addressed, and what is not addressed. If Federal law speaks to it, and State law speaks to it, then the Federal law obviously would trump. If there is Federal law, and this is a common thing these days, what Federal law is being enforced and what is not being enforced. That's a discussion obviously beyond the powers of this Board, or himself as the County Attorney. That is something that is up to the Federal Government to prosecute or not to prosecute. Then there are items, and he didn't know the full extent of the cannabis law in terms of Federal or State. He hadn't read either one. If there are items that are typically handled by the State, or even items that the Federal government doesn't want to get in to. If the State is working on things and the Federal Government is not, then the court, meaning the Supreme Court, has typically said, ok Federal Government you have decided to make a choice here, a policy choice, whatever you want to call it, to not get involved, so you are allowing the States to get involved. In a lot of ways it's kind of a reverse 10th Amendment. He didn't know that he would agree with that argument, but that is the argument that is made, that where the Federal Government is not involved the States can do whatever they want, where the 10th Amendment obviously is wherever the Federal Constitution does not speak, that's the purview of the States. He would not get in to an argument on the 10th Amendment in terms of cannabis here. That was a lot larger discussion. He would tell us just from a practical matter... He would leave us with a question: Is the Federal Government enforcing the cannabis law, even though it is on the books. Are they enforcing other laws? Obviously no.

Does it mean that we would be in violation of Federal law? Potentially, not knowing the Federal law and having read the Statutes completely in all the context that is obviously a possibility. That hasn't stopped New Mexico or other States from going forward and doing what they are doing. Vice Chairman Ducharme explained there is a law on the books that specifically addresses marijuana. It was still classed as a Schedule 1 drug, on a par with heroine, LSD, and ecstasy, by Federal law. There was potential of violation of Federal law. County Attorney John Butrick agreed with the last statement. Mrs. Langell asked if the Board weighed heavily on the deed restrictions of a community. The Board had no control over the restrictions. How much should the Board consider a covenant in making a decision? County Attorney John Butrick explained that the only time the Board would take in to account a covenant, or any part of that covenant, to the extent that it was ever brought to the County Commission, and the County Commission actually approved that. Those were typically larger ideas such as water use. It was not something that he had seen on a specific topic. It was his understanding that this specific HOA covenant had not ever gone before the County Commission so they have never considered it, much less voted on it. If that is the case, the Board is not bound by this, because the County Commission is not bound by this. To the extent that we are not involved in the HOA covenant that is a private matter. A private matter between the applicant and the private Homeowner's Association proper If it was something the County Commission had passed then we would have to consider it and it would be an issue between this Board, and the County Commission, and the applicant, and the Homeowner's Association but because it was not something, his understanding, was not passed or even considered by the County Commission, this is a private document, with a private Homeowner's Association that we would not consider. Mr. Frost asked for clarification that whether this item was approved or denied, if either party was aggrieved by the decision, they could appeal and go before the Commission. County Attorney John Butrick confirmed. Mr. Frost explained if either party was still not happy with the result they had the choice to go to court. County Attorney John Butrick explained they would have to exhaust their administrative remedies, they would have to go to the Commission first, and then if still aggrieved they could then take it to District Court. Mr. Guetschow read from Section 9 of the Ordinance the intent of the AP zone district, Permissive uses 9.2, zone regulations regarding Conditional Uses, and District standards 9.5 and 9.6. 9.6 was outdated by the current legislation. He continued with Section 21 Conditional Uses. He read Sections 21.A, 21.D and 21.E. Under Definitions he read Conditional Use. Section 5 Interpretation, 5.A and Section 6 General Provisions, 6.L. Chairman Lawson stated the centered on 100 acres did not apply. Mr. Guetschow confirmed. Chairman Lawson explained the Board could approve, deny, approve with conditions, or defer. County Attorney John Butrick confirmed. Chairman Lawson requested a motion. Vice Chairman DuCharme made a motion to deny Action Item 6. Mrs. Langell seconded Mrs. Tina Estrada commented that she appreciated Mr. Strahlem coming forward and trying to do it right. Chairman Lawson agreed.

Chairman Lawson began the roll call vote with Tina Estrada: Aye, Jim Frost: Aye, Vice Chairman Art Ducharme: Aye, Gail Langell: Aye, Chairman Harlan Lawson: Aye. All in favor. Motion to deny Action item 6 carried.

To the Board Members of the Torrance County Planning and Zoning Department:

<u>LETTER OF OPPOSITION</u> to Proposed Conditional Use Permit for a Cannabis Greenhouse Operation Located on Lot 4 Mission Hills Subdivision, aka 13 Deer Run Ct.

We are Randy and Donna Wright, property owners and residents at 205 Mission Hills Road, and are writing to express opposition to the proposed Conditional Use Permit for a Cannabis Greenhouse Operation Located on Lot 4 Mission Hills Subdivision, aka 13 Deer Run Ct.

Our primary opposition is based on the Mission Hills Subdivision Deed Restrictions, which do not permit any commercial business activity within the subdivision, and which all landowners agreed to at the time they purchased property in Mission Hills. Granting a conditional use permit or variance would violate or possibly undermine these Deed Restrictions created to maintain a residential community providing for the wellbeing, safety and security of all property owners. A copy of the Deed Restrictions is attached.

Following are specific references to business activity as described in the Deed Restrictions.

Article 2 of the Deed Restrictions states that properties shall be for residential use only and that no commercial business or enterprise shall be conducted or allowed on the property.

Article 8 of the Deed Restrictions further states that no commercial activity of any kind shall be carried on upon any lot, nor shall anything be done on this lot, which shall constitute a nuisance to any other lot owner.

Our opposition is also based on these potential negative effects:

- The loss of neighborhood and community character
- A decrease in the market value of Mission Hills properties
- All water wells in the Mission Hills Community are domestic use only permits issued by the NM State Engineer's office. In accordance with the NM Cannabis Control Division, a Cannabis Greenhouse Operation requires commercial water well right from the State Engineer, which is not approved.

Please, **Do not** approve this application for a Conditional Use Permit for a Cannabis Greenhouse operation in the residential community of Mission Hills. Single family residential without commercial enterprises best fits the current AP 40 zoning designation for Mission Hills, which does not permit the production or cultivation of cannabis.

Respectfully submitted

Randy Wright

## Amended 12-8-99

## DECLARATION OF RESTRICTIONS MISSION HILLS SUBDIVISION TORRANCE COUNTY, NEW MEXICO

This Declaration of Restrictions ("Declaration") is made by Mission Properties, Inc., a New Mexico corporation, hereinafter referred to as "Grantor". Grantor owns the real property described herein.

The property which is subject to this Declaration is located in Torrance County. New Mexico, and described as follows:

A SUBDIVISION OF S 1/2 S 1/2 S 1/2 S 1/2 SW 1/4 SECTION 14 S 1/2 N 1/2 S 1/2 S 1/2 SW 1/4 SECTION 14, SECTION 22, W 1/2 SECTION 23, NE 1/4 SECTION 27, TOWNSHIP 7 NORTH, RANGE 7 EAST N.M.P.M., TORRANCE COUNTY, NEW MEXICO (hereinafter the "Property").

All the reservations and restrictions hereinafter set forth are made for the benefit of each and every current or subsequent owner of any of the land described above, or any interest therein, and shall inure to and bind all subsequent owners thereof, said restrictions, reservations and covenants being as follows:

- 1) DURATION. The covenants are to run with the land and shall be binding on all parties and all persons claiming under them until Dec. 31, 2010, at which time said covenants shall be automatically extended for successive ten-year periods, unless sixty-seven percent (67%) or more of the record owners of the lots make a written election not to renew the covenants.
- 2) RESIDENTIAL USE. The property shall be for residential use only. No commercial business or enterprise shall be conducted or allowed on the property. The lots shall not be further divided except for the mortgage or financing exemption as outline by the Torrance County Zoning Ordinances. No structures or improvements shall be erected, altered, placed or permitted to remain on the lots other than one detached single-famity dwelling and buildings related thereto unless approved in writing by the Architectural Control Committee. Detached garages or other outbuildings shall conform in construction and design to the related residence, and the design of all such detached structures must be approved by the Architectural Committee.
- 3) SET-BACK RESTRICTIONS. Except by specific consent of the Architectural Control Committee, no buildings shall hereafter be constructed on any lot nearer than 150 feet from any of the lot boundaries nor shall any structure or livestock facility be built in the flood zones noted on the "FEMA 100 year flood plane map".

ANY RESIDENCE. STRUCTURE. OR IMPROVEMENT ON THESE LOTS SHALL BE LIMITED TO A MAXIMUM HEIGHT AS PER COUNTY ORDINANCE.

4) ARCHITECTURAL CONTROL COMMITTEE. An Architectural Control Committee (hereinafter called the Committee) is hereby established, initially consisting of Kirk T. Cobb, Brian D. Cobb and Thomas P. Cobb Jr. as the appointees, to serve for a period of ten (10) years from the date hereof or until their successors shall be appointed and qualify. The Committee shall consist of not less than two (2) persons. Vacancies occurring either before the end of or as a result of the expiration of such ten (10) year term shall be filled by the person receiving the most votes of lot owners who actually cast timely ballots. Each lot shall be entitled to one vote regardless of how many people may claim an ownership interest in all or any portion of the said lot.

5) COMMITTEE DECISIONS. The Committee shall have the right to disapprove any plans, specifications or details submitted to it as aforesaid, in the event such plans and specifications are not in accord with all the provisions of this Declaration, or if a design or color scheme in the proposed structure is not in harmony with the general surroundings of such lot or the adjacent structure, or if the Committee deems said plans and specifications to be contrary to the spirit and intent of these restrictive covenants, or contrary to the interest and the welfare and rights of the other owners. The decision of the Committee in any of these matters shall be final, and no building or improvement of any kind shall be constructed or placed on any lot in the subdivision without the prior consent of the Committee.

Neither the Committee nor any of it's members shall be responsible in any manner whatsoever for any defect in any plans or specifications submitted nor as revised by said Committee, or for any work done pursuant to the requested changes of said plans and specifications. The exterior of all buildings on all lots shall be finished according to plans approved by the Architectural Control Committee within twelve (12) months of start of construction.

6) PLAN SUBMISSION AND APPROVAL.
BEFORE ANYONE SHALL COMMENCE THE CONSTRUCTION, REMODELING, ADDITION TO, OR ALTERATION OF ANY BUILDING, STORAGE SHED, OUTBUILDING, SWIMMING POOL, WALL, FENCE, TANK, ANTENNA, OR OTHER STRUCTURE OR IMPROVEMENT WHATSOEVER, OR BEFORE INSTALLING ANY LANDSCAPING ON ANY LOT, TWO (2) COMPLETE SETS OF FINAL PLANS SHALL BE SUBMITTED TO THE ARCHITECTURAL CONTROL COMMITTEE.

No new structure or improvement of any kind shall be erected, altered, placed or maintained upon any lot unless and until the final plans, elevations and specifications therefore have received such written approval herein provided. Such plans shall include plot plans showing the location on the lot of any structures proposed to be constructed, placed, altered, or maintained, and elevation of same, together with the proposed color scheme for roofs and exteriors thereof, indicating materials for same. The Architectural Control Committee is authorized to charge a fee of not more than \$200.00 for review of plans and specifications to be paid at the time of submission of the plans and specifications.

Each structure that will use water shall have water conserving fixtures installed, including but not limited to: low-flush toilets, low-flow shower heads, low-flow faucets, water sving dishwashers (appliances) and insulated hot water pipes.

- 7) GENERAL PROHIBITIONS. THE ARCHITECTURAL CONTROL COMMITTEE WILL NOT APPROVE THE FOLLOWING:
  - A) Translucent or transparent garage doors.
  - B) Choice of exterior colors that do not blend into the natural terrain.
  - C) Manufactured homes, single or double-wide mobile homes, or trailer houses.
  - D) A residence having less than 1500 square feet of living area. Living area shall include heated and/or air conditioned areas and shall exclude garages, porches patios, decks and breezeways. All permitted homes that have less than 2000 square feet of living area shall have a deck or porch area equal to twenty percent (20%) of the living area.
- 8) COMMERCIAL ACTIVITY. No commercial activity of any kind shall be carried on upon any lot, nor shall anything be done on this lot which shall constitute a nuisance to any other lot owner. Commercial kennels and commercial horse boarding shall not be allowed within the property.
- 9) GARBAGE. No trash or garbage shall be burned on the premises. Garbage shall be placed in covered containers, said containers to be concealed from public view by an attractive enclosure. No construction or building materials may be stored outside or upon the lots after construction is complete. It shall be the responsibility of the owners of the lot, vacant or otherwise, to keep the lots, and all easement areas encompassed within the boundaries of said lot, clear of trash, appliances, inoperative or disabled vehicles, rubbish and noxious materials.
- 10). TEMPORARY BUILDINGS. No trailer, mobile home, tent, shack, garage or other outbuilding shall be used as a residence, temporarily or permanently.
- trailers, mobile homes, recreational vehicles, or camper trailers shall be visibly parked or stored on any residential lot or tract for an unreasonable period of time (15 consecutive days or 60 non-consecutive days or more in any one year) except in enclosed garages or screened enclosures, nor may any such vehicle be parked on any roadway within the subdivision except while engaged in transport to and from a residence. For the purpose of this covenant a 3/4 ton or smaller vehicle, commonly known as a pick-up truck, shall not be deemed a commercial vehicle or truck. Such vehicle shall be deemed a commercial vehicle or truck when equipped with a camper and shall not be exempt from the restrictions heretofore mentioned in this section.

No unused automobiles or vehicles of any kind except as hereinabove provided shall be stored or parked on any roadway within the subdivision except in a closed garage. An "unused vehicle" shall be defined as any vehicle that has not been driven under it's own power for a period of fifteen (15) consecutive days or longer. In the event any unused vehicle remains parked on any tract or lot within the property boundaries, the Committee shall have the right to direct it's removal after 48 hours notice to the owner thereof, the expense to be charged against the owner thereof, and such charges shall become a lien upon the recording of a notice of lien and shall be enforceable.

12) LANDSCAPE. Natural vegetation is to be left undisturbed, where practical, on all lots except for access to property, clearing of building sites and establishment of lawns and flower beds adjacent to buildings. Natural vegetation is to be restored to it's original state whenever and wherever possible and landscaping completed within 180 days of completion of the construction of the house. There will be no clear-cutting of trees on any lot. No vegetable farming will be allowed other than small gardens that will produce vegetables for the consumption of the particular lot owner. Desert landscaping is recommended wherever possible. Two complete sets of landscaping plans shall be submitted for approval prior to any landscaping being undertaken.

Driveways and parking areas shall have a minimum of four inches (4 ") depth of a base material and a minimum of 14 ' feet width in place so as to preserve funtion of the drive and parking areas and to preserve public appearance. Any prtivate drive for any lot owner shall be and have the responsibility of any needed culverts for area drainage. All plans for drives shall be submitted to the Committee for approval before construction shall begfin.

- 13) DOMESTIC PETS. No animals shall be kept on any lot except domestic cats, dogs, small indoor pets, horses, cattle, sheep or goats. In no case shall more than a total of 5 dogs and/or cats be allowed (per the Torrance County definition of "Kennel"). There shall be allowed no more than I horse allowed on an open 40 acre lot and no more than 4 total horses allowed per lot. When two (2) or more horses are kept on any one lot, they shall be kept in a pen or smaller stable type confinement and be restricted to supplement feeding and not be allowed to open grazing outside of the pen or stable type confined area. Project animals for gariculturally based clubs and organizations, such as but not limited to: (4-H, public schools agriculture classes and FFA) will be allowed with all mentioned restrictions applying to such project animals. All animals must be kept within a properly fenced boundary and are not allowed to roam outside of their owner's lot. Cattle, horses, sheep and goats must be kept within proper and adequate fencing, which shall be at least 5 wire (slick or barbed) and or net fencing with posts on a minimum of 15-foot centers. Keeping of these animals will be in accordance with county and city ordinances. No pias will be allowed. No exotic animals are allowed, including but not limited to ostrich, emu, and llama, without the prior written consent of the Committee. Cattle guards shall be allowed as long as they remain functional for the purpose of containing livestock
  - 14) FIREARMS. Discharge of any type of firearm on the property is strictly prohibited.
- 15) SIGNAGE. No advertisements, signs, billboards, unsightly objects or nuisance shall be erected, placed or permitted to remain on any of the tracts without the prior written approval of the Committee.
- 16) DESTRUCTION OF PROPERTY. In the event that any structure is destroyed, wholly or partially by fire or any casualty, such structure shall be promptly rebuilt or repaired to conform to this Declaration, or shall be removed from the lot and the lot restored to it's original condition, except as permitted by the Architectural Control Committee.

17) GRANTOR'S RIGHTS. Any and all of the right, title, interest and estate given to or reserved by the grantor herein or on the plat may be transferred or assigned to any person or legal entity by appropriate instrument in writing duly executed by the grantor and recorded in the office of the County Clerk of Torrance County, New Mexico, and wherever the grantors are referred to, such reference shall be deemed to include their successors and assigns. No delays or omission on the part of the undersigned, it's successors or assigns, or of the owners of the lots in said subdivision having the right hereunder to exercise the same, in exercising any right, power or remedy herein provided for in the event of any breach of the restrictions, covenants or restrictions herein contained, shall be construed as a waiver thereof or acquiescence therein; and no right of action shall accrue, nor shall any action be brought or maintained by anyone whatsoever against the undersigned, it's successors or assigns, for neglect to exercise any right, power or remedy herein provided for in the event of breach of said covenants, restrictions or reservations.

18) OWNER'S ASSOCIATION. The original Grantor may establish an owner's association in order to manage and maintain any roadways within the subdivision until such time as Torrance County accepts these roadways as public roads. If such an association is formed, it shall be organized by the original Grantor, or with it's approval, and shall be organized as a non-profit organization under New Mexico law. Each owner of a lot within the property shall be a member of the association for as long as such ownership shall continue. The rights and obligations of an owner and membership in an association may not be assigned, transferred, pledged, conveyed or alienated in any way, except upon transfer of ownership of the lot. Multiple owners of a single lot shall be entitled to one vote per lot owned.

If an association is formed, the association shall have the obligations and duties of and be subject to this Declaration and may take such actions as may be reasonably necessary to carry out the restrictions, limitations, covenants and conditions of this Declaration.

If an association is formed, the association shall not own or hold title to any real property, but shall manage and maintain the roadways within the subdivision and associated area. The association (or Grantor if no association is formed) may charge an assessment in order to manage and maintain the roadways and associated area, and to carry out other duties set forth in this Declaration. Any general assessment shall be made equally against each lot within the property. Assessments may be made for solid waste collection and the construction and maintenance of water storage facilities and related equipment for fire suppression within the subdivision. Special assessments related to expenses, including attorney's fees and costs, resulting from acts or omissions of a particular owner, his guests or invitees, and penalty assessments imposed in order to obtain compliance with the Declaration may be imposed by the Grantor, it's assigns, or by any owner's association. Any assessment shall be a personal obligation of the owner(s) and a lien against the owner's property. Interest on any unpaid assessment shall accrue at the rate of 18% per annum from the date of assessment. The Grantor, it's assigns, or the owner's association shall recover reasonable attorney's fees in any action to collect unpaid assessments. A lien for unpaid assessments, interest, attorney's fees, costs and expenses may be filed thirty (30) days after due and may be foreclosed thereafter in accordance with New Mexico law.

- 19) REMEDIES. No party hereto, or any of them, or their grantees, successors in interest or assigns, shall violate or attempt to violate any of the covenants herein provided. Every act or omission whereby any restriction, covenant or condition of this Declaration is violated in whole or in part is hereby declared to be and to constitute a nuisance and may be enjoined or abated, whether or not the relief sought is for negative or affirmative relief. Each owner waives any requirement for the posting of any bond in order to obtain such relief. Any owner of any portion of the property shall have the right to prosecute any action in the proper court to enjoin violations of this Declaration and to recover damages. LETTER OF OPPOSITION to Proposed Conditional Use Permit for a Cannabis Greenhouse Operation Located on Lot 4 Mission Hills Subdivision, aka 13 Deer Run Ct.

Richard W. and M. Barbara Simms To Whom It May Concern: I am property owner in the Mission Hills Community. I am writing to express my opposition to the proposed Conditional Use Permit for a Cannabis Greenhouse Operation Located on Lot 4 Mission Hills Subdivision, aka 13 Deer Run Ct. The requested Conditional Use Permit for this site is not consistent with the broader intent of the Mission Hills Subdivision Deed Restrictions, which all landowners agreed to at the time they purchased property in Mission Hills. Article 2 of the Deed Restrictions states that properties shall be for residential use only and that no commercial business or enterprise shall be conducted or allowed on the property. In addition, article 8 of the Deed Restrictions further states that no commercial activity of any kind shall be carried on upon any lot, nor shall anything be done on this lot which shall constitute a nuisance to any other lot owner. A granting of the requested use permit would undermine the fundamental basis for maintaining a residential community, which all Mission Hills land owners agreed to and expect to be implemented on a continuing basis for the wellbeing of all owners.

Our opposition is also based on these potential/probable negative effects:

- Granting the permit would contradict the Subdivision Deed Restrictions, which prohibits commercial operations on all lots.
- The loss of neighborhood and community character
- A decrease in the market value of Mission Hills properties
- Increased traffic on community ingress and egress roadways and additional road maintenance costs which are totally funded by a community road maintenance association
- Rapid depletion of groundwater aquifer resources resulting from known cannabis requirements for high volumes of irrigation water. Additionally, all water wells in the Mission Hills Community are domestic use only permits issued by the NM State Engineer's office. A Cannabis Greenhouse Operation will require a commercial water well right from the State Engineer because commercial use of water under domestic use permits is prohibited.

Please DO NOT approve this application for a Conditional Use Permit for a Cannabis Greenhouse operation in the residential community of Mission Hills. Single family residential without commercial enterprises best fits this neighborhood and community.

Request: Conditional use Permit

We are in opposition of this request.

Upon purchase of land on the same road, conditions for sale from the seller to us, ONLY one home dwelling per 20 acres. If this request is approved, it will set a precedence for other homeowners in the Linda Vista subdivision to follow the same pattern of requesting additional homes to be added. We would appreciate the Zoning Department to honor the openness of this subdivision and maintain the structure to one per 20 acres and not add additional homes so we can maintain the quality of life we now have.

Re: Proposed Conditional Use Permit for a Cannabis Greenhouse Operation Located on Lot 4 Mission Hills Subdivision, aka
13 Deer Run Ct.

Dear Mr. Guetschow:

Estancia, NM 87016

I own Lot 10 in Mission Hills Subdivision. I am writing to express my **opposition** to the Proposed Conditional Use Permit for a Cannabis Greenhouse Operation Located on Lot 4 Mission Hills Subdivision, aka 13 Deer Run Ct.

However, before I set out my reasons for opposing this, I want you to know that I am quite angry that I did not receive any notification of this action from your office. The information was forwarded to me by a resident of Mission Hills. I find it unacceptable that, while Torrance County has no problem sending me a tax bill each year, your office has not seen fit to send ALL of the owners of property in Mission Hills Subdivision written notice of this hearing. I also find it problematic that such a clear violation of the Deed Restrictions is even entertained for review by the Planning and Zoning Board.

I have not been able to locate a copy of Torrance County subdivision law, but in Colorado subdivisions have to file significant documentation in the form of Declarations and Covenants clearly describing the limitations of use within the subdivision prior to development. Such documentation is of record and is binding and enforceable.

The requested Conditional Use Permit for this site is clearly not consistent with the broader intent of the Mission Hills Subdivision Deed Restrictions which all landowners agreed to at the time they purchased property in Mission Hills. Article 2 of the Deed Restrictions states that properties shall be for residential use ONLY and that NO commercial business or enterprise shall be conducted or allowed on the property. In addition, article 8 of the Deed Restrictions further states that no commercial activity of any kind shall be carried on upon any lot, nor shall anything be done on this lot which shall constitute a nuisance to any other lot owner. A granting of the requested use permit would constitute a nuisance to other lot owners. A granting of the requested use permit would undermine the fundamental basis for maintaining a residential community, which all Mission Hills land owners agreed to and expect to be implemented on a continuing basis for the wellbeing of all owners.

If Mr. Strahlem wishes to go into the commercial cannabis business, I suggest that he buy land that is appropriately zoned as either commercial or agricultural land with its specific uses and limitations.

My opposition is based on multiple factors which, to me, have negative effects on the value of my land and the Mission Hills Subdivision as a whole. I bought in a subdivision because I was quite aware of the largely unregulated and often irrational and substandard development I saw in many areas of the county. A commercial enterprise not only violates the Deed Restrictions, it decreases the value of Mission Hills properties by turning the area into a mixed-use area rather than an area restricted exclusively to homes. It also will contribute to increased traffic – and I would remind you that the homeowners pay for the maintenance of the roads, not the county.

Of even more concern to me is the impact on water. The homes in Mission Hills Subdivision depend on a water supply that is already showing signs of stress. A commercial enterprise requires a commercial well permit and much higher water use. Such enterprises need to be located in areas that can accommodate the infrastructure appropriate for commercial businesses, possibly within a metropolitan area with an existing water system, sewer, trash removal and roads. I personally feel that water supplied to commercial enterprises needs to be metered and charged an appropriate fee for water and sewer usage.

Therefore, I ask that this application for a Proposed Conditional Use Permit for a Cannabis Greenhouse Operation Located on Lot 4 Mission Hills Subdivision be summarily **rejected** and ALL owners be notified in writing of this and any future actions brought before the Torrance County Planning and Zoning Board. This includes, but is not limited to, all hearings and decisions related to such matters which impinge on our rights to expect the terms and conditions of the Deed Restrictions, other documents of record which may impact us, and Torrance County and New Mexico laws, statutes and regulations. We have a right to expect that, as the citizens who entrust you to look out for the interests of all the citizens, all such laws, regulation and statutes be absolutely adhered to and enforced.

I can be reached at the address above and at email (poitiers1356(at)postpro.net).

Cordially, Erika Hinkelhake

LETTER OF OPPOSITION: Proposed Conditional Use Permit for a Cannabis Greenhouse Operation Located on Lot 4 Mission Hills Subdivision, aka 13 Deer Run Ct.

Dear Mr. Guetschow

Along with my neighbor, Ladd Hagmaier, I am a property owner in the Mission Hills Community. I am writing to express my opposition to the proposed Conditional Use Permit for a Cannabis Greenhouse Operation Located on Lot 4 Mission Hills Subdivision, aka 13 Deer Run Ct. As Mr. Hagmaier has also informed you, the requested Conditional Use Permit for this site is not consistent with the broader intent of the Mission Hills Subdivision Deed Restrictions, which all landowners agreed to at the time they purchased property in Mission Hills. Article 2 of the Deed Restrictions states that properties shall be for residential use only and that no commercial business or enterprise shall be conducted or allowed on the property. In addition, article 8 of the Deed Restrictions further states that no commercial activity of any kind shall be carried on upon any lot, nor shall anything be done on this lot which shall constitute a nuisance to any other lot owner. A granting of the requested use permit would undermine the fundamental basis for maintaining a residential community, which all Mission Hills land owners agreed to and expect to be implemented on a continuing basis for the wellbeing of all owners.

My opposition is primarily based on two considerations. First, granting the permit would contradict the Subdivision Deed Restrictions, which prohibits commercial operations on all lots. I believe this would result in the loss of neighborhood and community character, with the concurrent decrease in the market value of my property along with all other Mission Hills properties. Second, I believe the requested use would result in the significant depletion of groundwater aquifer resources resulting from known cannabis requirements for high volumes of irrigation water. As you know, all water wells in the Mission Hills Community are domestic use only permits issued by the NM State Engineer's office. A Cannabis Greenhouse Operation will require a commercial water well right from the

State Engineer because commercial use of water under domestic use permits is prohibited. Finally, I am concerned that increased traffic on community ingress and egress roadways would result and would include damage to the roadways due to heavier vehicle weights and use. I serve on the community road maintenance committee and you should be aware that road maintenance costs are totally funded by the Mission Hills community road maintenance association.

I join Mr. Hagmaier with the very strongest request to NOT approve Mr. Strahlem's application for a Conditional Use Permit for a Cannabis Greenhouse operation in the residential community of Mission Hills. Single family residential without commercial enterprises best fits this neighborhood and community. We rely on you to protect the character of our neighborhood and the value of the residential properties providing significant tax support to the county.

Sincerely yours,

Donald Cole

I am Jonathan L. Hagmaier, and my wife, Janet E. Cool, and I are property owners at 167 Mission Hills Rd. Our lots 5 and 6 where our home is located, are directly across from Lot 4 Mission Hills Subdivision, aka 13 Deer Run Ct. The requested Conditional Use Permit for this site is in direct contradiction of the Mission Hills Subdivision Deed Restrictions, which all landowners agreed to at the time they purchased property in Mission Hills.

Article 2 of the Deed Restrictions states that properties shall be for residential use only and that no commercial business or enterprise shall be conducted or allowed on the property. Article 8 of the Deed Restrictions further states that no commercial activity of any kind shall be carried on upon any lot, nor shall anything be done on this lot which shall constitute a nuisance to any other lot owner. These deed restrictions are on file with the County Clerk.

Our opposition is based on the following:

- As stated above, granting the permit would contradict the Subdivision Deed Restrictions, which prohibits commercial operations on all lots.
- $\bullet$  The loss of neighborhood and community character critical to further development of Mission Hills properties.
- A decrease in the market value of existing Mission Hills properties.
- Increased traffic on community ingress and egress roadways and additional road maintenance costs which are totally funded by a community residents and landowners.
- Rapid depletion of groundwater aquifer resources resulting from known cannabis requirements for high volumes of irrigation water. Additionally, all water wells in the Mission Hills Community are domestic use only permits issued by the NM State Engineer's office. A Cannabis Greenhouse Operation will require a commercial water well right from the State Engineer because commercial use of water under domestic use permits is prohibited.

For these reasons, please DO NOT approve this application for a Conditional Use Permit for a Cannabis Greenhouse operation in the residential community of Mission Hills.

Respectfully,

<u>LETTER OF OPPOSITION</u> to Proposed Conditional Use Permit for a Cannabis Greenhouse Operation Located on Lot 4 Mission Hills Subdivision, aka 13 Deer Run Ct.

Our opposition is also based on these potential/probable negative effects:

- Granting the permit would contradict the Subdivision Deed Restrictions, which prohibits commercial operations on all lots.
- \* The loss of neighborhood and community character
- · A decrease in the market value of Mission Hills properties
- Increased traffic on community ingress and egress roadways and additional road maintenance costs which are totally funded by a community road maintenance association
- \* Rapid depletion of groundwater aquifer resources resulting from known cannabis requirements for high volumes of irrigation water. Additionally, all water wells in the Mission Hills Community are domestic use only permits issued by the NM State Engineer's office. A Cannabis Greenhouse Operation will require a commercial water well right from the State Engineer because commercial use of water under domestic use permits is prohibited.

To Whom It May Concern: I am property owner in the Mission Hills Community. I am writing to express my opposition to the proposed Conditional Use Permit for a Cannabis Greenhouse Operation Located on Lot 4 Mission Hills Subdivision, aka 13 Deer Run Ct. The requested Conditional Use Permit for this site is not consistent with the broader intent of the Mission Hills Subdivision Deed Restrictions, which all landowners agreed to at the time they purchased property in Mission Hills. Article 2 of the Deed Restrictions states that properties shall be for residential use only and that no commercial business or enterprise shall be conducted or allowed on the property. In addition, article 8 of the Deed Restrictions further states that no commercial activity of any kind shall be carried on upon any lot, nor shall anything be done on this lot which shall constitute a nuisance to any other lot owner. A granting of the requested use permit would undermine the fundamental basis for maintaining a residential community, which all Mission Hills land owners agreed to and expect to be implemented on a continuing basis for the wellbeing of all owners.

Our opposition is also based on these potential/probable negative effects:

- Granting the permit would contradict the Subdivision Deed Restrictions, which prohibits commercial operations on all lots.
- \* The loss of neighborhood and community character

## EXHIBIT 5

Amended 12-8-99

## DECLARATION OF RESTRICTIONS MISSION HILLS SUBDIVISION TORRANCE COUNTY. NEW MEXICO

This Declaration of Restrictions ("Declaration") is made by Mission Properties. Inc., a New Mexico corporation, hereinafter referred to as "Grantor". Grantor owns the real property described herein.

The property which is subject to this Declaration is located in Torrance County, New Mexico, and described as follows:

A SUBDIVISION OF S 1/2 S 1/2 S 1/2 SW 1/4 SECTION 14 S 1/2 N 1/2 S 1/2 S 1/2 SW 1/4 SECTION 14, SECTION 22, W 1/2 SECTION 23, NE 1/4 SECTION 27, TOWNSHIP 7 NORTH, RANGE 7 EAST N.M.P.M., TORRANCE COUNTY, NEW MEXICO (hereinafter the "Property").

All the reservations and restrictions hereinafter set forth are made for the benefit of each and every current or subsequent owner of any of the land described above, or any interest therein, and shall inure to and bind all subsequent owners thereof, said restrictions, reservations and covenants being as follows:

- I) DURATION. The covenants are to run with the land and shall be binding on all parties and all persons claiming under them until Dec. 31, 2010, at which time said covenants shall be automatically extended for successive ten-year periods, unless sixty-seven percent (67%) or more of the record owners of the lots make a written election not to renew the covenants.
- 2) RESIDENTIAL USE. The property shall be for residential use only. No commercial business or enterprise shall be conducted or allowed on the property. The lots shall not be further divided except for the mortgage or financing exemption as outline by the Torrance County Zoning Ordinances. No structures or improvements shall be erected, altered, placed or permitted to remain on the lots other than one detached single-famity dwelling and buildings related thereto unless approved in writing by the Architectural Control Committee. Detached garages or other outbuildings shall conform in construction and design to the related residence, and the design of all such detached structures must be approved by the Architectural Committee.
- 3) SET-BACK RESTRICTIONS. Except by specific consent of the Architectural Control Committee, no buildings shall hereafter be constructed on any lot nearer than 150 feet from any of the lot boundaries nor shall any structure or livestock facility be built in the flood zones noted on the "FEMA 100 year flood plane map".

ANY RESIDENCE. STRUCTURE, OR IMPROVEMENT ON THESE LOTS SHALL BE LIMITED TO A MAXIMUM HEIGHT AS PER COUNTY ORDINANCE.

4) ARCHITECTURAL CONTROL COMMITTEE. An Architectural Control Committee (hereinafter called the Committee) is hereby established, initially consisting of Kirk T. Cobb, Brian D. Cobb and Thomas P. Cobb Jr. as the appointees, to serve for a period of ten (10) years from the date hereof or until their successors shall be appointed and qualify. The Committee shall consist of not less than two (2) persons. Vacancies occurring either before the end of or as a result of the expiration of such ten (10) year term shall be filled by the person receiving the most votes of lot owners who actually cast timely ballots. Each lot shall be entitled to one vote regardless of how many people may claim an ownership interest in all or any portion of the said lot.

5) COMMITTEE DECISIONS. The Committee shall have the right to disapprove any plans, specifications or details submitted to it as aforesaid, in the event such plans and specifications are not in accord with all the provisions of this Declaration, or if a design or color scheme in the proposed structure is not in harmony with the general surroundings of such lot or the adjacent structure, or if the Committee deems said plans and specifications to be contrary to the spirit and intent of these restrictive covenants, or contrary to the interest and the welfare and rights of the other owners. The decision of the Committee in any of these matters shall be final, and no building or improvement of any kind shall be constructed or placed on any lot in the subdivision without the prior consent of the Committee.

Neither the Committee nor any of it's members shall be responsible in any manner whatsoever for any defect in any plans or specifications submitted nor as revised by said Committee, or for any work done pursuant to the requested changes of said plans and specifications. The exterior of all buildings on all lots shall be finished according to plans approved by the Architectural Control Committee within twelve (12) months of start of construction.

6) PLAN SUBMISSION AND APPROVAL.
BEFORE ANYONE SHALL COMMENCE THE CONSTRUCTION, REMODELING, ADDITION TO, OR ALTERATION OF ANY BUILDING, STORAGE SHED, OUTBUILDING, SWIMMING POOL, WALL, FENCE, TANK, ANTENNA, OR OTHER STRUCTURE OR IMPROVEMENT WHATSOEVER, OR BEFORE INSTALLING ANY LANDSCAPING ON ANY LOT, TWO (2) COMPLETE SETS OF FINAL PLANS SHALL BE SUBMITTED TO THE ARCHITECTURAL CONTROL COMMITTEE.

No new structure or improvement of any kind shall be erected, altered, placed or maintained upon any lot unless and until the final plans, elevations and specifications therefore have received such written approval herein provided. Such plans shall include plot plans showing the location on the lot of any structures proposed to be constructed, placed, altered, or maintained, and elevation of same, together with the proposed color scheme for roofs and exteriors thereof, indicating materials for same. The Architectural Control Committee is authorized to charge a fee of not more than \$200.00 for review of plans and specifications to be paid at the time of submission of the plans and specifications.

Each structure that will use water shall have water conserving fixtures installed, including but not limited to: low-flush toilets, low-flow shower heads, low-flow faucets, water sving dishwashers (appliances) and insulated hot water pipes.

- 7) GENERAL PROHIBITIONS. THE ARCHITECTURAL CONTROL COMMITTEE WILL NOT APPROVE THE FOLLOWING:
  - A) Translucent or transparent garage doors.
  - B) Choice of exterior colors that do not blend into the natural terrain.
  - C) Manufactured homes, single or double-wide mobile homes, or trailer houses.
  - D) A residence having less than 1500 square feet of living area. Living area shall include heated and/or air conditioned areas and shall exclude garages, porches patios, decks and breezeways. All permitted homes that have less than 2000 square feet of living area shall have a deck or porch area equal to twenty percent (20%) of the living area.
- 8) COMMERCIAL ACTIVITY. No commercial activity of any kind shall be carried on upon any lot, nor shall anything be done on this lot which shall constitute a nuisance to any other lot owner. Commercial kennels and commercial horse boarding shall not be allowed within the property.
- 9) GARBAGE. No trash or garbage shall be burned on the premises. Garbage shall be placed in covered containers, said containers to be concealed from public view by an attractive enclosure. No construction or building materials may be stored outside or upon the lots after construction is complete. It shall be the responsibility of the owners of the lot, vacant or otherwise, to keep the lots, and all easement areas encompassed within the boundaries of said lot, clear of trash, appliances, inoperative or disabled vehicles, rubbish and noxious materials.
- 10). TEMPORARY BUILDINGS. No trailer, mobile home, tent, shack, garage or other outbuilding shall be used as a residence, temporarily or permanently.
- 11) UNUSED VEHICLES. No commercial type vehicles, trucks, campers, boats, house trailers, mobile homes, recreational vehicles, or camper trailers shall be visibly parked or stored on any residential lot or tract for an unreasonable period of time (15 consecutive days or 60 non-consecutive days or more in any one year) except in enclosed garages or screened enclosures, nor may any such vehicle be parked on any roadway within the subdivision except while engaged in transport to and from a residence. For the purpose of this covenant a 3/4 ton or smaller vehicle, commonly known as a pick-up truck, shall not be deemed a commercial vehicle or truck. Such vehicle shall be deemed a commercial vehicle or truck when equipped with a camper and shall not be exempt from the restrictions heretofore mentioned in this section.

No unused automobiles or vehicles of any kind except as hereinabove provided shall be stored or parked on any roadway within the subdivision except in a closed garage. An "unused vehicle" shall be defined as any vehicle that has not been driven under it's own power for a period of fifteen (15) consecutive days or longer. In the event any unused vehicle remains parked on any tract or lot within the property boundaries, the Committee shall have the right to direct it's removal after 48 hours notice to the owner thereof, the expense to be charged against the owner thereof, and such charges shall become a lien upon the recording of a notice of lien and shall be enforceable.

12) LANDSCAPE. Natural vegetation is to be left undisturbed, where practical, on all lots except for access to property, clearing of building sites and establishment of lawns and flower beds adjacent to buildings. Natural vegetation is to be restored to it's original state whenever and wherever possible and landscaping completed within 180 days of completion of the construction of the house. There will be no clear-cutting of trees on any lot. No vegetable farming will be allowed other than small gardens that will produce vegetables for the consumption of the particular lot owner. Desert landscaping is recommended wherever possible. Two complete sets of landscaping plans shall be submitted for approval prior to any landscaping being undertaken.

Driveways and parking areas shall have a minimum of four inches (4 ") depth of a base material and a minimum of 14 ' feet width in place so as to preserve funtion of the drive and parking areas and to preserve public appearance. Any prtivate drive for any lot owner shall be and have the responsibility of any needed culverts for area drainage. All plans for drives shall be submitted to the Committee for approval before construction shall begfin.

- 13) DOMESTIC PETS. No animals shall be kept on any lot except domestic cats, dogs. small indoor pets, horses, cattle, sheep or goats. In no case shall more than a total of 5 doas and/ or cats be allowed (per the Torrance County definition of "Kennel"). There shall be allowed no more than I horse allowed on an open 40 acre lot and no more than 4 total horses allowed per lot. When two (2) or more horses are kept on any one lot, they shall be kept in a pen or smaller stable type confinement and be restricted to supplement feeding and not be allowed to open grazing outside of the pen or stable type confined area. Project animals for agriculturally based clubs and organizations, such as but not limited to: (4-H, public schools agriculture classes and FFA) will be allowed with all mentioned restrictions applying to such project animals. All animals must be kept within a properly fenced boundary and are not allowed to roam outside of their owner's lot. Cattle, horses, sheep and goats must be kept within proper and adequate fencing, which shall be at least 5 wire (slick or barbed) and or net fencing with posts on a minimum of 15-foot centers. Keeping of these animals will be in accordance with county and city ordinances. No pigs will be allowed. No exotic animals are allowed, including but not limited to ostrich, emu, and llama, without the prior written consent of the Committee. Cattle guards shall be allowed as long as they remain functional for the purpose of containing livestock
  - 14) FIREARMS. Discharge of any type of firearm on the property is strictly prohibited.
- 15) SIGNAGE. No advertisements, signs, billboards, unsightly objects or nuisance shall be erected, placed or permitted to remain on any of the tracts without the prior written approval of the Committee.
- 16) DESTRUCTION OF PROPERTY. In the event that any structure is destroyed, wholly or partially by fire or any casualty, such structure shall be promptly rebuilt or repaired to conform to this Declaration, or shall be removed from the lot and the lot restored to it's original condition, except as permitted by the Architectural Control Committee.

17) GRANTOR'S RIGHTS. Any and all of the right, title, interest and estate given to or reserved by the grantor herein or on the plat may be transferred or assigned to any person or legal entity by appropriate instrument in writing duly executed by the grantor and recorded in the office of the County Clerk of Torrance County, New Mexico, and wherever the grantors are referred to, such reference shall be deemed to include their successors and assigns. No delays or omission on the part of the undersigned, it's successors or assigns, or of the owners of the lots in said subdivision having the right hereunder to exercise the same, in exercising any right, power or remedy herein provided for in the event of any breach of the restrictions, covenants or restrictions herein contained, shall be construed as a waiver thereof or acquiescence therein; and no right of action shall accrue, nor shall any action be brought or maintained by anyone whatsoever against the undersigned, it's successors or assigns, for neglect to exercise any right, power or remedy herein provided for in the event of breach of said covenants, restrictions or reservations.

18) OWNER'S ASSOCIATION. The original Grantor may establish an owner's association in order to manage and maintain any roadways within the subdivision until such time as Torrance County accepts these roadways as public roads. If such an association is formed, it shall be organized by the original Grantor, or with it's approval, and shall be organized as a non-profit organization under New Mexico law. Each owner of a lot within the property shall be a member of the association for as long as such ownership shall continue. The rights and obligations of an owner and membership in an association may not be assigned, transferred, pledged, conveyed or alienated in any way, except upon transfer of ownership of the lot. Multiple owners of a single lot shall be entitled to one vote per lot owned.

If an association is formed, the association shall have the obligations and duties of and be subject to this Declaration and may take such actions as may be reasonably necessary to carry out the restrictions, limitations, covenants and conditions of this Declaration.

If an association is formed, the association shall not own or hold title to any real property, but shall manage and maintain the roadways within the subdivision and associated area. The association (or Grantor if no association is formed) may charge an assessment in order to manage and maintain the roadways and associated area, and to carry out other duties set forth in this Declaration. Any general assessment shall be made equally against each lot within the property. Assessments may be made for solid waste collection and the construction and maintenance of water storage facilities and related equipment for fire suppression within the subdivision. Special assessments related to expenses, including attorney's fees and costs, resulting from acts or omissions of a particular owner, his guests or invitees, and penalty assessments imposed in order to obtain compliance with the Declaration may be imposed by the Grantor, it's assigns, or by any owner's association. Any assessment shall be a personal obligation of the owner(s) and a lien against the owner's property. Interest on any unpaid assessment shall accrue at the rate of 18% per annum from the date of assessment. The Grantor, it's assigns, or the owner's association shall recover reasonable attorney's fees in any action to collect unpaid assessments. A lien for unpaid assessments, interest, attorney's fees, costs and expenses may be filed thirty (30) days after due and may be foreclosed thereafter in accordance with New Mexico law.

- 19) REMEDIES. No party hereto, or any of them, or their grantees, successors in interest or assigns, shall violate or attempt to violate any of the covenants herein provided. Every act or omission whereby any restriction, covenant or condition of this Declaration is violated in whole or in part is hereby declared to be and to constitute a nuisance and may be enjoined or abated, whether or not the relief sought is for negative or affirmative relief. Each owner waives any requirement for the posting of any bond in order to obtain such relief. Any owner of any portion of the property shall have the right to prosecute any action in the proper court to enjoin violations of this Declaration and to recover damages. The Grantor, it's assigns and any owner's association, shall be entitled to recover attorney's fees, costs and expenses.
- 20) SURVIVAL CLAUSE. Invalidation of any of these covenants shall in no way effect the validity of the other provisions, which shall remain in full force and effect.
- 21) AMENDMENT. This declaration, or any part hereof, may be repealed or amended upon the written consent of the record owners of sixty-seven percent (67%) or more of the lots within the property. Each lot shall be entitled to one vote.
- 22) GOVERNING LAW. This Declaration shall be construed in accordance with New Mexico law.
- 23) NO JOINT VENTURE. The Grantor has agreed to allow the property owned by it to be governed by this Declaration. However, nothing in this Declaration shall be construed to create a partnership, joint venture, or similar joint undertaking by the Grantor with any other person or entity.

WITNESS its hand this 8th day of December, 1999.

LETTER OF OPPOSITION to Proposed Conditional Use Permit for a Cannabis Greenhouse Operation Located on Lot 4 Mission Hills Subdivision, aka 13 Deer Run Ct.

Richard W. and M. Barbara Simms To Whom It May Concern: I am property owner in the Mission Hills Community. I am writing to express my opposition to the proposed Conditional Use Permit for a Cannabis Greenhouse Operation Located on Lot 4 Mission Hills Subdivision, aka 13 Deer Run Ct. The requested Conditional Use Permit for this site is not consistent with the broader intent of the Mission Hills Subdivision Deed Restrictions, which all landowners agreed to at the time they purchased property in Mission Hills. Article 2 of the Deed Restrictions states that properties shall be for residential use only and that no commercial business or enterprise shall be conducted or allowed on the property. In addition, article 8 of the Deed Restrictions further states that no commercial activity of any kind shall be carried on upon any lot, nor shall anything be done on this lot which shall constitute a nuisance to any other lot owner. A granting of the requested use permit would undermine the fundamental basis for maintaining a residential community, which all Mission Hills land owners agreed to and expect to be implemented on a continuing basis for the wellbeing of all owners.

Our opposition is also based on these potential/probable negative effects:

- Granting the permit would contradict the Subdivision Deed Restrictions, which prohibits commercial operations on all lots.
- The loss of neighborhood and community character
- A decrease in the market value of Mission Hills properties
- Increased traffic on community ingress and egress roadways and additional road maintenance costs which are totally funded by a community road maintenance association
- Rapid depletion of groundwater aquifer resources resulting from known cannabis requirements for high volumes of irrigation water. Additionally, all water wells in the Mission Hills Community are domestic use only permits issued by the NM State Engineer's office. A Cannabis Greenhouse Operation will require a commercial water well right from the State Engineer because commercial use of water under domestic use permits is prohibited.

Please DO NOT approve this application for a Conditional Use Permit for a Cannabis Greenhouse operation in the residential community of Mission Hills. Single family residential without commercial enterprises best fits this neighborhood and community.

Respectfully, M. Barines Dixmes
